The symbol (h) appears next to vacancies where an exemption from this requirement applies. Deployees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at www.jobs.qld.gov.au. The information kit will include:
 - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
 - a job information package, outlining the procedure for preparing and sending in your application, and
 - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
 - completed cover sheet (available on jobs online or in the kit mailed to you)
 - covering letter
 - resumé / curriculum vitae
 - names and contact details of (2) referees, and
 - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

SENIOR EXECUTIVE SERVICE VACANCIES
TERMS AND CONDITIONS OF EMPLOYMENT

Appointees to the Senior Executive Service are offered an attractive remuneration package with salary sacrifice in return for optional benefits including.

- Private use component of a fully maintained government owned motor vehicle;
- Membership options of the Government Superannuation Schemes, including generous employer superannuation contributions
- Professional organisation membership fees.

The total remuneration value amount listed against positions includes the private use component of a motor vehicle, employer superannuation contributions and the 17.5% annual leave loading. In addition to the salary and optional benefits, executives will be entitled to:

- Queensland Public Service leave conditions, including four (4) weeks annual leave, cumulative sick leave and long service leave.

Upon appointment, the executive will also be eligible to receive significant removal allowances and rental assistance if necessary. Appointees will be required to enter a contract of employment. Existing tenured SES officers who are appointed at the current SES level or by redeployment may, but are not required to, enter into a contract of employment.

20th of June 2008

The Honourable Paul Lucas MP, Deputy Premier and Minister for Infrastructure and Planning, under Section 5(2) of the *Iconic Queensland Places Act 2008* (IQPA), declares the following for the iconic Queensland place of Douglas:

Iconic Queensland Place of Douglas - Iconic Values

Douglas Shire is a place of extremely high biodiversity. It is also internationally unique as the only place where two World Heritage Areas (WHAs) meet - the Great Barrier Reef World Heritage Area (GBRWHA) and the Wet Tropics World Heritage Area (WTWHA).

Douglas Shire's biodiversity values range from woodlands to mangrove forests, to vegetated sand dunes/swale systems, reefs, foreshore areas, intertidal seagrass beds and estuarine river/creek systems to lowland rainforests and mountain ranges. Areas of important remnant/riparian habitat and areas of considerable biodiversity value occur along the coastal plain and are subject to considerable development pressure.

The landscape and scenic values include the dramatic mountainous topography, luxuriant rainforest, wilderness areas, steep escarpments, the coastal plain, scenic coastline and the diversity in landscape elements from sand dunes, mangrove forests, wetlands, creek and river estuaries, fringing coral reefs and coral islands, sandy beaches, to rugged mountain ranges and the broad expanse of agricultural land with smaller areas of cattle grazing and horticulture.

Known sacred / spiritual / burial / story / meeting / ceremonial places / sites, which encapsulate the Indigenous cultural / landscape values and include, but are not restricted to, Roaring Meg Falls, Bouncing Shores Mossman Gorge and Blue Hole.

Highly defined urban footprint boundaries of the Shire contain urban development to designated town, villages and settlement areas within the Shire. These include Wangetti, Oak Beach, Mowbray, Craiglie, Port Douglas, Mossman, Cooya Beach, Newell Beach, Miallo, Rocky Point, Wonga Beach and Daintree Village and various small rural residential communities to the south of the Daintree River and Forest Creek, Cape Kimberley, Cow Bay, Diwan, Coopers Creek, Cape Tribulation and Degarra to the north of the Daintree River.

The built environment values are characterised by:

- low rise buildings, maximum 2 storeys Shire wide (Port Douglas – very select areas limited to 3 storeys);
- low scale buildings and visually dominant native/tropical vegetation in an urban setting, surrounded by an expansive rural landscape and framed by mountains;
- no major through roads in the Shire, no traffic lights and no proliferation of advertising signage;
- development of a tropical architectural style, particularly in Port Douglas, Daintree Village and north of the Daintree River;

- containment of tourist development, primarily in Port Douglas and to a lesser extent Daintree Village and north of the Alexandra Range, where it is low key and subservient to the environment;
- confirming Mossman as the administrative centre of the Shire, thereby limiting commercial development in the smaller towns and villages to that which services the local community;
- low rise coastal settings. Limited views of urban development along the beachfront (when viewed from the beaches) at Port Douglas and at beach townships and coastal settlement areas;
- the rainforest setting of the settlement areas and townships north of the Alexandra Range, with access to this area limited to the Daintree Ferry crossing, which provides a sense of arriving in a special place; and
- historical buildings and monuments in Port Douglas, consolidating the town centre near the harbour, maintaining open space between the Boat Harbour and Wharf Street and maintaining low speed, narrow local roads.

The Honourable Paul Lucas MP, Deputy Premier and Minister for Infrastructure and Planning, under Section 5(2) of the *Iconic Queensland Places Act 2008* (IQPA), declares the following for the iconic Queensland place of Noosa:

Iconic Queensland Place of Noosa - Iconic Values

The Noosa Shire community respects and appreciates its environment and has goals of environmental excellence, quality lifestyle and economic well-being. As a consequence the Noosa Shire community seeks –

- a) built environments which fit into and do not dominate the natural environment; and
- b) confidence that population growth and associated change does not adversely impact upon the character, lifestyle and environment enjoyed by its residents.

The majority of urban residential, business, community, industrial and recreational development is consolidated in the southern coastal part of the Shire within the localities of Eastern Beaches, Noosa Heads, Noosaville and Tewantin. New developments are required to provide connectivity to existing pedestrian, cycle and public transport networks.

Urban settlement in the coastal part of the Shire has been shaped by the natural features including the coastal dune system, the Noosa River and the lake system, the flood prone lowlands and large areas of environmentally sensitive open space protected as national park, conservation reserves or State forests.

The hinterland consists of rural towns and villages, the largest and most significant in terms of services and employment is Cooroy. Cooroy, Pomona and Cooran are all located on the North Coast Rail line. Boreen Point and Cooroibah have been established in scenic positions on the edge of lakes. The balance of the hinterland accommodates predominantly agricultural uses or vegetated open space.

The physical environment of Noosa offers the following features:

- (a) the ocean and beaches, like Noosa's Main Beach and Sunshine Beach;
- (b) Noosa River, lakes like Lake Cootharaba and Lake Cooroiba and foreshores;
- (c) Mountains, the headlands and undulating landforms; and
- (d) Wide tracts of protected open space.

The subtropical climate, clean air, good quality soils, the diversity of flora and fauna and the visual dominance of vegetation and open space over buildings and development are particularly important. Natural environment values include biodiversity values, fauna, native habitat, waterways, beaches, riparian foreshore areas and open space corridors and linkages.

The Noosa River forms the buffer between the urban areas of Noosa in the south and the wilderness of Noosa's North Shore. Protective buffers to waterways and drainage

lines are held through development setback limits to protect riparian values and functions.

Noosa is characterised by a collection of distinct towns and villages separated by open space and rural landscapes. Each of the urban localities and rural towns and villages has defined boundaries derived from natural characteristics, environmental constraints or for historical character reasons and are strictly maintained.

The character of urban settlements within Noosa is maintained through:

- (a) Low rise buildings of predominantly 2 storeys;
- (b) Roads generally 2 lanes with limited sections of 4 lanes;
- (c) Roundabouts preferred to traffic lights;
- (d) No multi-storey public car parks;
- (e) Paid parking controlled through means other than individual meters; and
- (f) Unobtrusive advertising signage.

PUBLIC NOTICE
TOWNSVILLE CITY COUNCIL
ADOPTION OF AMENDMENTS TO THE PLANNING SCHEME
FOR THE CITY OF TOWNSVILLE

Notice is given under the *Integrated Planning Act 1997*, Schedule 1 that Townsville City Council adopted five (5) amendments to the planning scheme for the City of Townsville. The amendments are as follows:

Road and Cycle Hierarchy Maps

Townsville City Council adopted this amendment on 27 May 2008. The purpose and general effect of the amendment is to update road and cycle hierarchy maps to reflect the Townsville Thuringowa Integrated Regional Transport Planning (TTIRTP) review outcomes that apply to the Townsville City municipality. This amendment applies to maps 3.2(a), 3.2(b) and 3.4.

The reference number for this amendment is: 2008, no. 11.

Waterways and Wetlands Table of Assessment

Townsville City Council adopted this amendment on 27 May 2008. The purpose and general effect of the amendment is to make the relevant changes to Table 5.10B of City Plan 2005, to clarify the triggers for assessment against the provisions of the Waterways and Wetlands Code in relation to building work.

The reference number for this amendment is: 2008, no. 12.

Improved wording of the Multiple Dwelling Code (SO11)

Townsville City Council adopted this amendment on 27 May 2008. The purpose and general effect of the amendment is to revise the wording for SO11 of the Multiple Dwelling Code which currently does not require storage space to be provided where dwelling units are not held under a separate title. The reference to dwelling units held under separate title will be deleted accordingly.

The reference number for this amendment is: 2008, no. 13.

Retirement Village – Level of Assessment

Townsville City Council adopted this amendment on 27 May 2008. The purpose and general effect of the amendment is to clarify the level of assessment for a retirement village within the Tourist Core precinct, if located within the Magnetic Harbour local area. This amendment applies to District Code 8 and Table 4.14A of City Plan 2005.

The reference number for this amendment is: 2008, no. 14.

Mixed Residential Precinct Table of Assessment

Townsville City Council adopted this amendment on 27 May 2008. The purpose and general effect of the amendment is to improve interpretation by removing the first occurrence of community residence, and amending the existing phrasing of the second occurrence to ensure the triggers are accurate.

The reference number for this amendment is: 2008, no. 15.

Copies of the Planning Scheme amendments are available for inspection and purchase at Townsville City Council's Planning Services Counter, 2nd floor, Administration Building, 103 Walker Street, Townsville.

Copies of the Planning Scheme amendments are also available for inspection at the Department of Infrastructure and Planning, 4th floor, State Government Building, 187 Stanley Street, Townsville.
