The so called new Laws introduced in November 2013 are absolutely PATHETIC to say the least,it has not only affected my/my families social life but also Tarnished my Business of 18 Years,Thus affecting the Family income considerably.These laws were put in place by way of MISSLEADING the public into believing Bikies were criminals and not allowing the TRUE AND JUST Statistics to be aird,We were silenced and had to come up with Hundreds of Thousands of dollars to prove our INNOCENSE,PATHETIC REALLY.I would like to see the same inflicted upon Sporting Groups,Religious Congregations,Car Enthuaists,Any body that may gather in groups of 2 or more whether it be to celebrate an occasion or be it to FUND RAISE for a said CHARITY,something the EX QLD GOVERNMENT knew "NOT" how to do,again PATHETIC.Alot of people have suffered significantly but will have their say EVENTUALLY.
