

[REDACTED]

To Whom This concerns,

I am writing in regard to my Case before QCAT [REDACTED]. And my [REDACTED] [REDACTED] I had received paperwork back with a decision that QCAT agree with the Police report that it will be classed as Criminal and that the decision is based on an Affidavit that was dated [REDACTED]

I do not know any [REDACTED] and do not know what is in his affidavit, However We have not broken any laws or participated in any criminal or wrong doing. And am not a controlled person by anybody Bikies, and my husband included. The only people I am currently controlled by is the Police and the Government. And I feel my basic Human and Civil Rights have been taken away. I have been deemed a improper person and a threat to public interest, also my husband. This is defamation of our character and our names have been tarnished here in Rockhampton, This has caused us great stress and hardship. For no reason. I am not an associate to any Motorcycle Club members. I do personally know 2 Rebel Members and have so before they became Rebels. This is not a crime and We have distanced ourselves since the laws were introduced.

My husband is not a [REDACTED] and has never been a [REDACTED]. We have never in the 27 years we have been together touched any drugs, We both dont smoke or Drink ([REDACTED] has a Social drink on special occasions) we work hard and always have. I dont know what we have supposed to have done. I believe we have been singled out and targeted, there has been an injustice here. This new VLAD laws are infringing on my human and civil rights. There is no JUSTICE in these laws, We are in Limbo with our lives we have been subjected to undue stress and actions from the police decision on both mine and my husbands characters.

We have had to explain ourselves, we are classed guilty and have not even be charged or trialed for anything. My Husbands conviction [REDACTED] years ago if they are going by that, that is so wrong. He has paid dearly for that and has tried to move on in his live, and as far as I am concerned he is a good decent man, I am not condoning his crime, but when does he stop paying, He is a broken man, he has tattooed in [REDACTED] for the past 30 years and should be allowed to continue in he job of choice.

We have been granted our 2nd Hand Dealers lic. If we are so bad of people, why are we allowed to have that, and not a Tattoo Lic. Does not make any sense. and on that note I have no convictions and have been classed as a associate, Associate to what. We were told if we were innocent we had nothing to worry about. We have been treated like Criminals. we are not CRIMINALS, we are god fearing people.

We are simple people we hardly leave our home, we go to tea on a Friday night at the [REDACTED] Bowls Club. We go and see an occasional movie we only have a handful of close friends. We attend church on a Sunday night and [REDACTED] attends Mens group on a Weds Night.

I am mentally and physical worn out, and personally want my life back, I have broken no Laws. And I personally will be filing a defamation case, this has just dragged out, the bikies are all still operating and drug offenders, and criminals have been granted Tattoo and operator Licences. There is one law and order for one and not another. The police and the government are playing with peoples lives and are not even following thier own laws. the bad Busters are all still doing thier shit and it the people who try and do the right thing that these laws affect.

There is much more that I can say however I want my original letter submitted at the hearing and I have attach some personal references. The reference of [REDACTED] gave me this reference back in July 2014. I didnt even ask her for it she offered it in good will.

I do not have and Legal Representation and I will be acting for myself and [REDACTED] and would appreciate it if all correspondence is forwarded to my email address. Hoping you can oblige

Yours truly
