Queensland State Archives (QSA) is the official repository for Queensland Government records selected for permanent retention because of their continuing value. The archived public records are from state government departments, state courts, local government authorities and statutory authorities. The records are in our facility at [Runcorn, Brisbane](#), and open records are available for viewing in the Reading Room, free-of-charge.

Queensland State Archives holds records of the Executive Council of Queensland, from the first Executive Council meeting minutes on 12 December 1859. Access to records less than 30 years old is restricted.

The role of the Executive Council is to advise and assist the Governor in the exercise of his powers. Members of the Executive Council are Ministers of Parliament. Executive Council meetings are presided over by the Governor or a member appointed by the Governor.

These include Commissions, Proclamations, Orders in Council, regulations, appointments of Judges, Magistrates and senior public service positions, appointments to statutory authorities and boards, approval of certain government expenditure, disposition of Crown Land, compulsory land acquisition, authorisation of loans and borrowings, pardons for prisoners, and other matters for which the Governor is required by law to take executive action.
