Notes

- Good quality agricultural land has been defined according to the criteria in the State Government's Planning Policy 1/92, Development and the Conservation of Agricultural Land.
- Good quality agricultural land is land which is suitable for agricultural production.
- Non-agricultural land includes National Parks, State Forests and Timber Reserves.
- Good quality agricultural land has been determined by the Dept. of Natural Resources in consultation with the Eacham Shire Council and local agricultural industry groups. This map is a product of the Dept. of Natural Resources project "Soils and Land Suitability of the Atherton Tablelands" (Malcolm D.T. et al 1999).
