*Marine Parks Act 1982  
Marine Parks Regulation 1990 s9 (6)*

**Public Notice of Application for Permission**

**Location** An area of 25 square kilometres (2500 hectares) within Hervey Bay Marine Park between 24.57.00 to 25.00.00 South; 153.05.00 to 153.08.30 East.

**Primary Purpose** Trials to test feasibility of enhancement of wild scallop stocks on the seabed. Subsequent commercial implementation may occur pending results from the trial phase.

**Proposed activities** The applicant intends to collect adult scallop from the wild, to trigger spawning and spat development in an onshore hatchery to beyond their settlement phase, and to introduce that spat into the marine park to grow out on the seabed. No artificial feeding or interaction with the growing scallop will take place.

Initially the concepts of the proposal and optimum parameters will be fine-tuned. Underwater camera transects will be undertaken to identify specimens of benthic plants and animals and to assess the general condition of the seabed prior to seeding.

Access by all recreational, commercial and other marine based activities will not be restricted. The only control the project will require will be the management of all trawling activity in the prescribed sites. Note, management of trawl operations may not occur under marine park legislation. Harvested product will be sold.

Following the trials, the applicant intends to progressively extend the area enhanced. Trials are expected to commence July 2003 for up to two years, with commercial seeding from as early as July 2004. Harvesting of scallop would occur by use of conventional scallop trawl gear as is currently the practice in the prescribed area.

Further information is available from the applicant, Queensland Sea Scallop Limited, 21 Swan Drive, Hervey Bay; and from the Queensland Parks and Wildlife Service, Cnr Lennox and Alice Streets, Maryborough; and from the Naturally Queensland Information Centre, 160 Ann St, Brisbane.

Interested persons, including those who believe that the proposal would restrict their reasonable use of the marine park are invited to lodge written comments on the proposal by 20 May 2003, with:

The District Manager  
Queensland Parks and Wildlife Service  
PO Box 101  
MARYBOROUGH QLD 4650

And refer to this notice. This notice does not imply approval for the activity as due consideration will be given to the public comment.
