

# Reporting Guidelines Webinar

**FREE 90-min online webinar via Zoom**

This webinar covers what you need to know to efficiently and accurately write up and publish your research, to clearly communicate your findings. It will help you avoid the common mistakes and improve your chances of publication. During this presentation you will gain the skills to:

- ✓ Write the key sections of a research article efficiently and effectively.
- ✓ Use reporting guidelines such as PRISMA, CONSORT and STROBE to guide the writing task, assist publication, & improve the impact of your research.
- ✓ Respond to and provide constructive peer review.

*Many published research articles are poorly reported: with insufficient, misleading, or ambiguous information that cannot be used to inform future research or improve practice and policy.*

**Date:** Monday, 25 September 2023

**Time:** 4:00pm-5:30pm (Brisbane AEST)

**Facilitators:**

- Professor Paul Glasziou AO
- Professor Tammy Hoffmann OAM
- Professor Ginny Barbour
- Dr Matthew Page
