

Proposed Queensland Subsidised Training List 2025-26

This is a proposed Queensland Subsidised Training List. The qualifications listed form the basis of what will be the new Queensland Subsidised Training List, effective from 2025-26.

The Department of Employment, Small Business and Training administers various funding programs that will draw on the qualifications from this list. The list is dynamic and will change as industry identifies new and emerging training needs that require the addition of new qualifications or the phasing out of training that is no longer required or deemed a priority as industry workforce needs evolve.

Qualifications subsidised under the new Career Start and Career Boost programs will be drawn from the Queensland Subsidised Training List. Some of the qualifications on this list, however, may only be available through other programs.

Certificate I and II qualifications are only intended to be delivered to the following student cohorts – pre-apprenticeships, Skilling Queenslanders for Work or adult prisoners.
