# ELECTRIC ANT BIOSECURITY ZONE MAP EA03 – 30 September 2024

Contact the Department of Agriculture and Fisheries for more information or request a biosecurity instrument permit at

[daf.qld.gov.au/anthunt](http://daf.qld.gov.au/anthunt)  
or call **13 25 23**

Check what movement restrictions apply on your property

[daf.qld.gov.au/electricantmap](http://daf.qld.gov.au/electricantmap)

**Electric ant movement restrictions**

If your property is within the biosecurity zone, then you must not move electric ant carriers from your property to another property either within or outside the biosecurity zone unless you either:

- 1) Move the carrier directly to a waste facility that accepts electric ant carriers (facilities are listed on the Departmental webpage); or
- 2) Apply for a biosecurity instrument permit to move the carrier. You can complete a biosecurity instrument permit request online at [daf.qld.gov.au/anthunt](http://daf.qld.gov.au/anthunt) or by calling **13 25 23**.

**Electric ant carriers are:**

- potted plants
- cuttings from plants
- fruit from plants
- a thing that has come into contact with the ground, examples - bee hives, and garden furniture
- soil
- turf
- mulch
- baled hay, straw, or composted materials
- animal manures
- a product or by-product of mining or quarrying.

Updated spatial data for the land the map applies to can be sourced from <http://qldspatial.information.qld.gov.au/catalogue/> and viewed using the interactive map <https://www.daf.qld.gov.au/ElectricAntMap>.
