QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered deployees who apply for an advertised job will be considered before other applicants. The symbol (h) appears next to vacancies where an exemption from this requirement applies. Deployees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at www.jobs.qld.gov.au. The information kit will include:
 - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
 - a job information package, outlining the procedure for preparing and sending in your application, and
 - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
 - completed cover sheet (available on jobs online or in the kit mailed to you)
 - covering letter
 - resumé / curriculum vitae
 - names and contact details of (2) referees, and
 - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

- (h) do on the Easement Area anything which in the Coordinator-General’s opinion is

necessary or convenient for, or incidental to, exercising the Coordinator-General's rights under the Easement, including, as examples but without limitation:

- (1) stockpiling Infrastructure or items required for or relating to the installation, repair, maintenance, removal, replacement, cleaning, clearing, addition or alteration of Infrastructure;
- (2) stockpiling soil dug up on or from under the Easement Area; and
- (3) temporarily restricting access to the Easement Area or parts of it, by whatever means the Coordinator-General thinks fit including fencing off the Easement Area or parts of it, and doing other things to provide for the security of Infrastructure, items referred to in subparagraph (1) or soil referred to in subparagraph (2). If the Landowner requires access to areas which are temporarily restricted by the Coordinator-General under this clause the Landowner must:

- (i) provide 48 hours prior written notice to the Coordinator-General;
- (ii) comply with any conditions of entry to the temporarily restricted area imposed by the Coordinator-General;

It will be reasonable for the Coordinator-General to refuse entry if the Landowner does not comply with the Coordinator-General's conditions of entry to the temporarily restricted area. Entry by the Landowner to the temporarily restricted area will be at the Landowner's own risk.

- 2.2 (a) The Coordinator-General does not need to exercise its rights and powers under the Easement personally and The Coordinator-General's rights and powers under the Easement are not intended to be exclusive to the Coordinator-General. The Coordinator-General may authorise other people to exercise those rights and powers.

- (b) The Coordinator-General shall have the right to authorise, permit or license other parties to use the Easement Area for all or any of the purposes as the Coordinator-General may do so under the Easement, and otherwise to exercise the same rights and powers as the Coordinator-General under the Easement subject to all the conditions and restrictions upon such rights as are set out in the Easement.

- 2.3 In exercising rights and powers under the Easement, the Coordinator-General and/or persons authorised, permitted or licensed from time to time by the Coordinator-General to use the Easement Area for the purposes of the Easement must:

- (a) ensure that any work done on the Easement Area is done properly;

- (b) cause as little inconvenience as is reasonably practicable to the Landowner;
- (c) restore the Easement Area as nearly as is reasonably practicable to its former condition if the Easement Area is damaged or changed by the work done on the Easement Area; and
- (d) consult with the Landowner in order to minimise any impact which the use of the Easement may have on the operational capacity and use of the private rail infrastructure owned by the Landowner. The Landowner will provide all reasonable assistance to ensure that the use of the Easement can proceed in an expeditious manner.
- (e) comply with all applicable laws regarding occupational, health and safety in the undertaking of any work done on the Easement Area.

- 2.4 If the Landowner breaches the Easement, the Coordinator-General or persons authorised, permitted or licensed by the Coordinator-General to use the Easement Area may do anything that is reasonably necessary to correct the breach (such as removing a structure erected on the Easement Area in breach of the Easement). Any such action shall be taken without the Coordinator-General or persons authorised, permitted or licensed by the Coordinator-General incurring any liability to the Landowner.

3 RIGHTS AND OBLIGATIONS OF LANDOWNER

- 3.1 The Landowner must:

- (a) not erect or permit to be erected any improvement, building, structure, pipeline, services, road fence, driveway or paving on or through the Easement Area without the prior written consent of the Coordinator-General;

- (d) not plant trees on the Easement Area without the prior written consent of the Coordinator-General;
- (e) not crop, dig or plough the Easement Area or light or permit the lighting of fires on or adjacent the Easement Area without the prior written consent of the Coordinator-General;
- (f) exercise reasonable care to ensure that any Infrastructure on the Easement Area is not damaged;

- (g) not interfere with, damage or place at risk any Infrastructure on the Easement Area from time to time or interfere with anything that the Coordinator-General or a person authorised, permitted or licensed by the Coordinator-General is storing or has placed on the Easement Area from time to time (including plant and equipment, stockpiles of soil dug up from or from under the Easement Area or any other stockpiles) without the prior written consent of the Coordinator-General;
- (h) not cause a nuisance that adversely affects the Coordinator-General's rights and powers under the Easement or any Infrastructure on the Easement Area from time to time;
- (i) promptly abate any such nuisance;
- (j) use the Landowner's best endeavours to prevent anyone else doing any of the things that the Landowner is required not to do under the Easement and not allow or authorise anyone else to do any of those things;
- (k) not interfere with or obstruct the Coordinator-General, or any person authorised, permitted or licensed from time to time by the Coordinator-General, in the exercise or enjoyment of its rights and powers under the Easement; and
- (l) the Landowner must not grant any rights to any person in relation to the Easement Area to the extent the granting of those other rights could or will conflict or interfere with the Infrastructure or the exercise of any of the Coordinator-General's rights and powers under the Easement.

4 OTHER MATTERS

4.1 Ownership of Infrastructure

- (a) All Infrastructure and other things brought into or installed on the Easement Area from time to time by the Coordinator-General will, as between the Landowner and the Coordinator-General, notwithstanding any affixation to the Easement Area, remain the property of the Coordinator-General.
- (b) This Easement does not alter the ownership of the private rail infrastructure located on the Easement.

4.2 Fences

If the Coordinator-General or a person authorised, permitted or licensed by the Coordinator-General to use the Easement Area pulls down or breaks open any fencing under the Easement:

- (a) the Coordinator-General or the person authorised, permitted or licensed by the Coordinator-General may either repair the fencing it has pulled down or broken open or install a gate in place of that fencing to at least a standard reasonably equivalent to that of the fencing before it was pulled down or broken open;

- (b) the owner of the fencing that was pulled down or broken open will become the owner of the repaired fencing or gate; and
- (c) that owner must maintain the repaired fencing or gate.

4.3 Stamping and registering of Easement

The Coordinator-General must:

- (a) stamp (if required) and register the Easement; and
- (b) make sure that the Coordinator-General or those authorised, permitted or licensed by the Coordinator-General are given all the rights and powers intended to be conferred by the Easement.

The Coordinator-General will pay all duty and registration fees on the Easement.

4.5 Mining or petroleum tenement

The Landowner must give the Coordinator-General a copy of any notification received by the Landowner in respect of any application for a mining or petroleum tenement under the *Mineral Resources Act 1989*, the *Petroleum Act 1923*, the *Petroleum and Gas (Production and Safety) Act 2004* or any similar or replacement legislation, in respect of land which includes all or any part of the Easement Area, within 7 days after the Landowner receives such notification.

4.6 Further assurances

The Landowner will execute every deed, instrument, assurance or other document and do all such things as may be necessary to secure the rights of the Coordinator-General conferred by the Easement as the Coordinator-General may reasonably require, including (without limitation) obtaining the consent of any person necessary and producing the title document for the Easement Area and executing all documents necessary to give effect to any proposed assignment, transfer, encumbrance or other dealing by the Coordinator-General in respect of the Easement Area.

- (b) The Coordinator-General will not unreasonably refuse or withhold its consent to the Landowner:
 - (i) maintaining any existing road across the Easement Area; and
