

MAKE A DIFFERENCE

Create safer communities with a Community-based Crime Action grant.

Applications for the 2024–2025 Community-based Crime Action grants open on 17 June 2024, offering double the funding.

The combined Rounds 1 and 2 increase available funding to \$2.5 million and opportunities for more successful applications.

Grants of up to \$75,000 will be available per successful application, and you can submit two applications for consecutive iterations of the same project.

Community-based Crime Action grants support local communities, businesses and organisations with short-term programs and initiatives that engage young people and deliver early intervention, prevention, and diversionary solutions to address local youth crime and community concerns.

These grants aim to keep communities safe by reducing youth crime and helping young people involved in the youth justice system to build positive relationships and participation in their communities.

Prospective applicants are encouraged to consult with their community and engage local stakeholders to consider proposals.
