LETTERS PATENT

ELIZABETH THE SECOND, by the Grace of God Queen of Australia and Her other Realms and Territories, Head of the Commonwealth:

TO:

Mr Naguib Kaldas APM,

The Honourable James Sholto Douglas QC, and

Dr Peggy Brown AO

GREETING:

WHEREAS recognising the unique nature of military service, and the ongoing impact such service may have on the physical and mental health of defence members and veterans.

AND that as a community Australians value the contribution and sacrifice made by defence members and veterans in their service, and the sacrifice of their families.

AND that every death by suicide is a tragic event, and that there is an overrepresentation of defence and veteran deaths by suicide in Australia, and that this overrepresentation should be acknowledged and understood to ensure that learnings are made and to prevent future deaths by suicide.

AND the critical role played by, and broad concept of, families, carers, friends and others as the support network for defence members and veterans.

AND that government and non-government organisations including the Australian Defence Force (the ADF), the Department of Veterans' Affairs, ex-service organisations and the health care system provide important services (including mental health support services) and support for defence members, veterans and their families that are beneficial to wellbeing and whole-of-life care.

AND that Australia as a nation must take action to examine and expose all systemic issues and risk factors related to suicide, and implement actions to address the systemic issues and risk factors exposed.

AND that hearing from defence members, veterans, their families and others about their individual experiences will be a central contribution to your inquiry and these experiences can inform best-practice, strategies and reforms and can assist in prevention and healing.

AND all Australian Governments have expressed their support for, and undertaken to cooperate with, your inquiry.

AND that your independent inquiry, including its findings and recommendations, will provide a foundation for the future work of the National Commissioner for Defence and Veteran Suicide Prevention.

NOW THEREFORE We do, by these Our Letters Patent issued in Our name by Our Governor in and over Our State of Queensland acting by and with the advice of Our Executive Council of Our State of Queensland and in pursuance to the *Commissions of Inquiry Act 1950* and all

other powers him thereunto enabling HEREBY APPOINT YOU to be a Commission of Inquiry, and require and authorise you to inquire into the following matters:

- (a) systemic issues and any common themes among defence and veteran deaths by suicide, or defence members and veterans who have other lived experience of suicide behaviour or risk factors (including attempted or contemplated suicide, feelings of suicide or poor mental health outcomes);
- (b) a systemic analysis of the contributing risk factors relevant to defence and veteran death by suicide, including the possible contribution of pre-service, service (including training and deployments), transition, separation and post-service issues, such as the following:
 - (i) the manner or time in which the defence member or veteran was recruited to the ADF;
 - (ii) the relevance, if any, of the particular branch, service or posting history, or the rank of the defence member or veteran;
 - (iii) the manner or time in which the defence member or veteran transitioned from the ADF or transitioned between service categories;
 - (iv) the availability, accessibility, timeliness and quality of health, wellbeing and support services (including mental health support services) to the defence member or veteran, and the effectiveness of such services;
