

FORM QRO – R02.12

Version 2 – 1 September 2021

Petroleum and Gas (Royalty) Regulation 2021 Section 49(3)

Application by non-tenure holder to end election period

About this form

This form is for a person (the non-tenure holder) who:

- is a participant in a joint venture or other arrangement involving the production of petroleum (the joint venture)
- is taken to be a petroleum producer—for petroleum royalty purposes only—for a period of time (the election period) for a stated amount of petroleum produced under one or more petroleum tenures under which the petroleum for the joint venture is produced (each, a joint venture tenure), as a result of a decision by the Commissioner of State Revenue under s.48(4) Petroleum and Gas (Royalty) Regulation 2021
- wishes to apply to end the election period.

The application cannot be considered by the Commissioner unless it is accompanied by evidence that you have notified each registered holder of a joint venture tenure (each, a tenure holder) of the application.

The Commissioner may:

- end the election period on the day proposed in this application
- end the election period on another day, with the agreement of you and the tenure holder(s)
- refuse to end the election period.

The election period can only be ended if the Commissioner is satisfied that the protection of the public revenue would not be adversely affected.
