QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered deployees who apply for an advertised job will be considered before other applicants. The symbol (g) appears next to vacancies where an exemption from this requirement applies. Deployees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at www.jobs.qld.gov.au. The information kit will include:
 - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
 - a job information package, outlining the procedure for preparing and sending in your application, and
 - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
 - completed cover sheet (available on jobs online or in the kit mailed to you)
 - covering letter
 - resumé / curriculum vitae
 - names and contact details of (2) referees, and
 - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

1. Title: Temporary Employment**2. Supersedes: 19/97**

- 3. Purpose:** To maximise tenured employment by
- (a) setting appropriate circumstances for the engagement of temporary employees; and
 - (b) prescribing departmental responsibility for the conversion of temporary employees to tenured status where a temporary employee has a continuous connection to a role over time.

4. Legislative

Provision: *Public Service Act 2008* - sections 53, 147, 148, 149 and 194(1)(e).

5. Effective date: 1 December 2008**6. Application:**

- (a) This Directive applies where a chief executive employs a person as a temporary employee on a full-time or part-time basis as provided for under Section 147 or Section 148 of the *Public Service Act 2008*.
- (b) This Directive does not apply where a chief executive employs a person on a casual basis under Section 147 or Section 148 of the *Public Service Act 2008*.

7. Directive:**7.1 Appropriate use of temporary employment**

- (a) Chief executives may employ a person as a temporary employee to meet temporary circumstances.
- (b) All requirements of the directive relating to recruitment and selection must be met for temporary vacancies above entry level.
- (c) Circumstances where temporary employment may be appropriate include but are not limited to –
 - (i) Temporary and/or urgent demand for particular skills for a period limited by time, whether or not the time has been fixed;
 - (ii) The evolution of a tenured role during which knowledge and skill requirements are expected to undergo a period of transition;
 - (iii) Fluctuating service delivery needs or temporary increases in workload;
 - (iv) Roles which are funded for a specified period with no reasonable anticipated renewal of funding;
 - (v) A one-off project or specified body of work which will be completed within a finite timeframe;

- (vi) Replacement of employees who are absent on leave and who are expected to return to the role on the completion of that leave;
 - (vii) Temporary vacancies arising from the temporary reassignment or secondment of employees; and
 - (viii) Temporary filling of a vacant role prior to the approval of a tenured appointment.
- (d) For each separate period of engagement the temporary employee is to be provided with a letter of engagement that, as a minimum, includes -
- (i) The circumstances/specified task(s) that require the temporary engagement;
 - (ii) The duration of the period of engagement, including the commencement and completion dates;
 - (iii) Notification that temporary employment does not constitute appointment to a tenured role or position;
 - (iv) Details of the circumstances in which the temporary engagement may be terminated and the notice period for termination by either party;
 - (v) Information about relevant remuneration and conditions. This is to include specific reference to requirements of the directive on retrenchment of temporary employees engaged on a full time or part time basis;
 - (vi) Details of any applicable probation requirements; and
 - (vii) A copy of the relevant role description.

7.2 **Review of temporary employment status**

- (a) Under the current directive relating to recruitment and selection, agencies have the discretion to convert entry-level temporary employees to tenure at any time and above entry-level temporary employees to tenure once eligibility requirements have been met.
- (b) Once a temporary employee completes three continuous years of service in the same role, the agency must conduct a review of the temporary status of the employee with the aim of converting them to tenured status wherever feasible.
- (c) The review of temporary status referred to at (b) above shall also apply to non-continuous service where a temporary employee has performed a cumulative total of three (3) years service in the same role, provided that the breaks in employment do not exceed a total of three (3) months in the previous three (3) year period.
- (d) A temporary employee does not need to be employed in the same position in order to be eligible. Continuous service in the same role includes a role which is essentially the same .

Example of a role which is essentially the same is ---

a Payroll Officer who may, over the period of temporary employment, provide service to different client groups.

Rotation through a range of duties within a generic role description also constitutes service in the same role

Example of a range of duties constituting same role ---

rotation through financial and payroll processing duties under a generic entry-level role description.

- (e) The review must result in the conversion of the temporary employee to tenured status at level where:

- (i) The temporary circumstances no longer exist and the role performed by the temporary employee is ongoing; and
 - (ii) For above entry-level temporary employees, engagement was in accordance with requirements for notifying vacancies under the directive relating to recruitment and selection.
- (f) Within 28 calendar days of the employee becoming eligible for conversion the review must be finalised and the temporary employee notified in writing of the decision. Where there is a decision not to convert the temporary employee to tenured status, written notification must include the reasons for non-conversion.
- (g) Where the review does not result in the conversion of the temporary employee to tenured status and the employee continues in the role on a temporary basis, the employee is to have his or her employment status reviewed again on the completion of each additional three (3) years continuous service. However, the employment status of the employee should, in the interests of fairness and efficient employee management, be reviewed at the end of 12 months after a decision to extend the temporary employment as a result of the mandatory review.
- (h) Conversion of a temporary employee to tenured status at level may occur only with the employee's consent.

7.3 Appeals

An employee who is eligible to be converted may lodge a fair treatment appeal directly with the Commission Chief Executive in relation to:

- (a) Failure of the agency to conduct a mandatory review as required under section 7.2 of this Directive; or
- (b) A decision by the agency not to convert the employee to tenured status at level under section 7.2 of this Directive.

7.4 Transitional arrangements

- (a) An initial transition period of 12 months will apply from the effective date of this Directive.
- (b) During the transition period a department must review the employment status of all of its eligible temporary employees.
- (c) Within one month of the expiry of the transition period the review must be finalised and the temporary employees notified as per the provisions of 7.2(f) and (g) of this Directive.
- (d) The requirements of 7.2(e)(ii) do not apply during the transition period or to employees who are eligible to be converted during the transition period and maintain continuous employment in the role.
- (e) The 28 day review and notification period under section 7.2(f) and associated appeal rights under 7.3(a) do not apply.

DECISION NOTICE**MAJOR VARIATION WORKS –
BRISBANE CASINO HOTEL COMPLEX**

Pursuant to section 35(k)(iii), schedule 1 of the *Brisbane Casino Agreement Act 1992*, the Treasurer has refused an application in part for major variation work to the Brisbane Casino Hotel Complex.

The major variation work involved an application to construct an awning and dining/recreational podiums over the Queen Street entrance of the Conrad Treasury Casino building. It was considered the application would diminish the cultural heritage values of the Queen Street façade of the former Treasury building.

Pursuant to section 35(k)(ii), schedule 1 of the *Brisbane Casino Agreement Act 1992*, the Treasurer has approved a part of the application for major variation work to the Brisbane Casino Hotel Complex.

The works approved in part involve conservation and reparation work to the staircase of the Queen Street entrance.

This decision notice is published in accordance with section 35(l), schedule 1 of the *Brisbane Casino Agreement Act 1992*.

This approval takes effect on the date of publication in the Gazette.

CLASSIFICATION OF FILMS ACT 1991**APPLICATION AS AN APPROVED ORGANISATION**

Applicant: Little Big Shots International Film Festival for Kids
Requirements: Section 56(2)

- In its application submitted by the Festival Director, the applicant clearly demonstrates the primary purpose of the organisation is to screen children's films to encourage discussion of world cultures, other languages, cultural diversity, emotional intelligence and human values.
- It is clear the organisation intends to screen children's films.
- The applicant has become familiar with the film classification guidelines, and understands the criteria for the screening of films publicly.
- The applicant also appears to have knowledge of the restrictions applying to the different classifications and has indicated it will comply with the usual conditions that apply to cinema admissions.

The purpose of Part 7 of the Act is to allow organisations to show films subject to conditions. This enables films to be shown which may not otherwise be screened due to financial constraints, and the lack of a dedicated audience, particularly, those films depicting a certain artistic type.

The applicant satisfies the requirements demanded by the legislation, and there is nothing to suggest the applicant should not be approved as an Approved Organisation. Therefore, I consider the application approved and hereby do so.

Queensland Competition Authority Act 1997

Criteria for use by the Premier and the Treasurer of Queensland for deciding whether to declare a non-government business activity to be a monopoly business activity are as follows:

A non-government business activity should be declared a monopoly business activity wherever competitive pressures do not effectively constrain its provider's commercial behaviour.

The criteria to be addressed in determining this are:

- (a) **[business activity]** The activity involves a trading in goods or services;
- (b) **[non government business activity]** The business activity involves services provided by means of a facility and is carried on by a person other than a government agency. A facility includes: rail transport infrastructure; port infrastructure; electricity, petroleum or gas transmission and distribution infrastructure; and water and sewerage infrastructure, including treatment and distribution infrastructure; or infrastructure of a similar nature to the examples given; and
- (c) **[commercial behaviour not constrained by competitive pressures]**
 - There is an absence of vigorous rivalry in the market in which the activity occurs **and** barriers to entry into that market exist.

OR

- If the evidence regarding rivalry and barriers to entry is inconclusive, there is evidence that the provider of the activity is exercising substantial market power. This may include that it is earning an excessive return, would be earning an excessive return were it not operating inefficiently, or is cross subsidising.
