Acquisition of Land Act 1967

TAKING OF EASEMENT NOTICE (No 27) 2006

Short title

1. This notice may be cited as the *Taking of Easement Notice (No 27) 2006*.

Easement taken [ss.6, 9(7) and 9(8) of the Act]

2. The Easement described in Schedule 2 is taken by the Council

of the City of Gold Coast for water supply purposes and vests in the Council of the City of Gold Coast on and from 24 November 2006.

Rights and obligations

3. That the rights and obligations conferred and imposed by the Easement include the matters set out in Schedule 1.

In this gazette resumption notice:

“Council” means Council of the City of Gold Coast; and

“Owner” means the registered proprietor of the land referred to in Schedule 2; and

“Relevant Works” means water reticulation mains and/or pipelines for the purpose of conveying water supplied by the Council through, across or under the easement together with manholes, stopcocks, meters, pressure control devices, pumps and/or pump stations, water reservoirs, and all other usual or necessary fittings and attachments as well as works for the protection and/or support of all such things.

SCHEDULE 1

Rights and Obligations

Rights of Council

1. The Council shall have full and free right and liberty at all times hereafter to enter upon the Easement for the purposes of constructing and thereafter forever using and maintaining such Relevant Works as it considers appropriate. In so doing, the Council may, by its employees, agents and other persons authorised by it:
 - 1.1 construct, install, extend, deepen, widen, cleanse, add to, remove, inspect, maintain and repair the Relevant Works and, when and where it deems fit, remove and replace the Relevant Works with new Relevant Works (whether of a similar nature to those replaced or not);
 - 1.2 dig into, sink shafts in and erect scaffolding upon the Easement and to open and break up the soil of the Easement or any part thereof including the sub-surface;
 - 1.3 remove and dispose of spoil created as a consequence of exercising its rights hereunder;
 - 1.4 clear and keep clear the Easement by any means or method including cutting and removal of timber, trees and undergrowth from the Easement and burning off such timber, trees and undergrowth;
 - 1.5 construct and maintain on the Easement such access tracks, gates and appurtenant works as it considers necessary;
 - 1.6 enter upon and remain, pass and repass on and over the Easement for all or any of the foregoing purposes with or without vehicles, plant or equipment of any description whatsoever; and
 - 1.7 do such other works and things through, across, in or under the Easement as are incidental to the proper exercise of the rights granted to the Council herein.

Property in Relevant Works

2. All relevant works are and remain the property of the Council notwithstanding any actual or apparent affixation to the Easement and the Council is solely responsible for the operation and maintenance of all Relevant Works.

Removal of Fencing

3. For the purpose of gaining access to the Easement, the Council may demolish or break open any fencing on the Easement, but where livestock are contained within the fenced area sufficient notice must be given to the Owner to enable such livestock to be secured.

Reinstatement of Fencing

4. The Council must either:
 - 4.1 reinstate all fences damaged by it in the exercise of any of its right granted herein; or
 - 4.2 in lieu of reinstating any such fence, install a gate, the quality of the materials and workmanship of which except with the Owner’s consent, must be not less than the quality of the materials and workmanship of the existing fence. A gate so installed becomes the property of the Owner and thereafter must be maintained by the Owner.

No Structures etc on Easement

5. The Owner shall not at any time, without the written permission of the Council:
 - 5.1 erect any buildings or structures (other than fences) upon the Easement or otherwise permit the Easement or any part thereof to be used in such a way as to obstruct or interfere with the Relevant Works and/or the proper and effective use thereof by the Council;
 - 5.2 install upon the Easement concrete pavement or driveways, or gardens or landscaping involving concrete, brick or other permanent materials;
 - 5.3 remove or stockpile or permit the removal or stockpiling of any soil, sand, gravel or other substance or material upon the Easement or construct any roads, dam walls or other earthworks on the Easement which would in any way obstruct or interfere with the Relevant Works and/or the proper and effective use thereof by the Council.

Removal of Unauthorised Structures etc

6. If anything is erected, placed, found or installed upon the Easement in contravention of Clause 5 above, the Council may, in addition to any other remedies, and after having given the Owner reasonable notice of its intention to invoke this clause, enter the Easement and remove or demolish the matter. If it does so:
 - 6.1 it may dispose of the matter or any resultant demolition materials in such manner as it sees fit without being liable to account to the Owner therefore (except as provided in Clause 6.2); and
 - 6.2 it may recover in any Court of competent jurisdiction, costs actually incurred by it in taking that action (including internal wage and salary costs) less any moneys actually received by it as a result of disposing of the thing or any resultant demolition materials.

Damage to Structures etc

7. The Council may, in its sole discretion, determine how and in what manner the rights granted to it under this Easement are exercised. The Council must not wilfully damage or destroy any matter to any extent greater than is reasonably necessary to exercise its rights hereunder, and the Council:
 - 7.1 except as specified in Clause 4 and Clause 7.2, is not otherwise responsible for any damage to or destruction of any matter in the course of the exercise of its rights hereunder;
 - 7.2 despite Clause 7.1, must reinstate, repair or replace any matter damaged or destroyed in consequence of exercise of its rights hereunder (except a matter which contravenes Clause 5, or a fence which is separately covered by Clause 4) so far as is reasonably practical having regard to:
 - 7.2.1 the nature of the matter damaged or destroyed;
 - 7.2.2 the extent of damage or destruction; and
 - 7.2.3 the cost of reinstatement, repair or replacement options; and
 - 7.3 is not responsible in any event for inconvenience or disturbance to the Owner or Occupiers of the Easement arising by, through or in connection with the exercise of its rights hereunder.

In this clause the term “matter” means:

- buildings, structures or other materials or things erected, placed, found or installed upon the Easement (whether in contravention of Clause 5 or otherwise); and
- trees and plants within the Easement.

Protection of Relevant Works

8. The Owner must not do anything (whether by act or omission) likely to jeopardise or prejudicially affect the safety or reliable working of any Relevant Works.

Indemnity by Council

9. The Council must indemnify the Owner and keep the Owner indemnified against any claim, loss, cost or expense

of any kind whatsoever which is or may be imposed on the Owner, or for which the Owner may otherwise become liable, by through or in connection with the granting of this Easement, the installation of Relevant Works or any other act or omission of the Council in connection with the granting and subsequent use and existence of this Easement except for:

- 9.1 a claim loss cost of expense arising solely by reason of a wilful, reckless or negligent act or omission of the Owner (in which case the indemnity does not apply); or
- 9.2 a claim loss cost or expense to which a wilful, reckless or negligent act or omission of the Owner is a contributing cause (in which case the Council's liability under the indemnity is reduced in proportion to the extent to which the Owner has caused the claim loss cost or expense).

Further Assurances

10. The benefit and burden of this Easement attaches to the land comprised in the Easement so as to ensure to and bind all persons deriving title from and under the Owner and the Council. Each of them must, whenever so required by the other or a successor in title, do all things and give all assurances reasonably required for the proper and effective securing of the rights conferred hereunder. However, this clause must not be construed so as to require the Owner to accept any liability to contribute towards the maintenance and upkeep of the Relevant Works.

QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

The Queensland State Government's policy is to seek to retain skilled staff. Registered deployees who apply for an advertised job will be considered before other applicants. The symbol (h) appears next to vacancies where an exemption from this requirement applies. Deployees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commission. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

Continuous applicant pools

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

Multi-agency pools

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

How to Apply

When you have found a job that you would like to apply for:

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at www.jobs.qld.gov.au. The information kit will include:
 - a. the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
 - b. a job information package, outlining the procedure for preparing and sending in your application, and
 - c. an application cover sheet
2. Do your homework – research the agency to understand the background to the job.
3. Prepare your application. This should include your:
 - a. completed cover sheet (available on jobs online or in the kit that is mailed to you)
 - b. covering letter
 - c. resumé / curriculum vitae
 - d. names and contact details of two (2) referees, and
 - e. responses to the selection criteria if required
4. Mail or email your application. (Details of where and how are available in either the job description or the job information package.)

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgment.

When applying for continuous applicant pools, please check each vacancy for application instructions.
