QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered employees who apply for an advertised job will be considered before other applicants. The symbol (h) appears next to vacancies where an exemption from this requirement applies. Employees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at www.jobs.qld.gov.au. The information kit will include:
 - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
 - a job information package, outlining the procedure for preparing and sending in your application, and
 - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
 - completed cover sheet (available on jobs online or in the kit mailed to you)
 - covering letter
 - resumé / curriculum vitae
 - names and contact details of (2) referees, and
 - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.

1. Title: Employment Screening

2. Purpose:

To set out employment screening requirements for persons engaged or proposed to be engaged to perform:

- a) duties that the chief executive determines make a check of the person's criminal history relevant to a consideration of the person's suitability for the duties; or
- b) child-related duties.

To set out risk management requirements to be implemented by employing entities performing child-related or child-associated duties.

3. Legislative Provision: *Public Service Act 2008* — Section 53 and Chapter 5, Part 6

4. Effective date: 1 July 2008

5. Definitions:

Employment Screening means for the purposes of this directive:

- criminal history checking for relevant duties pursuant to Chapter 5, Part 6, Division 2 of the *Public Service Act 2008*; and
- police information checking for child-related duties pursuant to Chapter 5, Part 6, Division 3 of the *Public Service Act 2008*.

Employing Entity means departments and public service offices as described in the *Public Service Act 2008*.

Relevant duties means duties, other than child-related duties, that the chief executive of an employing entity decides may require criminal history checking as part of the assessment of the person's suitability for the duties.

Child-related duties means duties that the chief executive of an employing entity decides are likely to involve providing dedicated services or activities where a child or children is/are the primary or significant client group or where the nature of contact with a child or children, and the context in which that contact happens, creates an unacceptable level of risk for the child/children.

Criminal history checking for the purposes of this directive is the process of carrying out relevant criminal history checks on a recommended person proposed to be engaged to perform relevant duties. A criminal history check for relevant duties will not disclose convictions that have been rehabilitated under the *Criminal Law (Rehabilitation of Offenders) Act 1986*.

Police information checking for the purposes of this directive is the process of carrying out police information checks on a recommended person or current employee engaged or proposed to be engaged to perform child-related duties. A police information check is not limited by the operation of the *Criminal Law (Rehabilitation of Offenders) Act 1986* and may disclose:

DIRECTIVE No. 08/08

Refer Section 53 of the Public Service Act 2008

- recorded or unrecorded convictions and charges for offences in Queensland or elsewhere;
- investigative information¹ about the person;
- information as to whether the person is or has been
 - (i) a relevant disqualified person²; or
 - (ii) the subject of an application for a disqualification order³; or
 - (iii) named as the respondent to an application for an offender prohibition order⁴.

Risk management for the purpose of this directive is the process by which an employing entity identifies, assesses and manages potential risks arising from the performance of child-related or child-associated duties by that entity in order to foster child-safe and child-friendly service environments.

Child-associated duties means duties that the chief executive of an employing entity decides may involve a child or children but do not amount to child-related duties.

 - a reasonable opportunity to make written representations as to why they believe the information obtained through the employment screening process should not render them unsuitable to perform the relevant or child-related duties.

⁶ Information Standard n° 42A applies to the Queensland Department of Health.

DIRECTIVE No. 08/08*Refer Section 53 of the Public Service Act 2008*

Part 6 of the Commission for Children and Young People and Child Guardian Act 2000 (the CCYPCG Act).

18 Duplication of screening

18.1 If there has previously been an employment screening process (other than screening under this directive) conducted on a current or intending employee, including a professional registration process, the employing entity may, before initiating further screening, consider:

- the scope of previous screening, including whether further screening will provide additional, relevant information for the purposes of determining the person's suitability;
- the purpose for which the previous screening process was undertaken; and
- the time elapsed since the previous screening process and any monitoring that has been in place.

Provisions specific to employment screening for relevant duties**19 Criminal history checking for relevant duties**

19.1 A decision by a chief executive to conduct criminal history checking on a person must be based on the nature of the relevant duties to be performed. The following circumstances may also be considered:

- whether screening has been conducted under other legislation dealing with criminal history;
- the perception of public and client confidence in the performance of relevant duties and in the department; and
- the occupational values, code of behaviour and client service required by the performance of relevant duties.

20 Assessment of suitability

20.1 In assessing a person's suitability to perform relevant duties and upon receipt of criminal history information, the chief executive must have regard to the relevance of any offence to the nature of relevant duties to be performed, and should have regard to:

- the seriousness and frequency of any relevant offence;
- the amount of time that has elapsed since any relevant offence happened;
- whether any relevant offence is still a crime; and
- any relevant work history of the person in the Queensland public service.

Provisions specific to employment screening for child-related duties**21 Police information checking for child-related duties**

21.1. If a chief executive decides that certain duties are child-related duties, the chief executive is to:

- seek written consent from the person to police information checking; and
- upon receipt of written consent, conduct the police information checking.

DIRECTIVE No. 08/08

Refer Section 53 of the Public Service Act 2008

21.2 A person must not be engaged in child-related duties unless police information checking has been conducted by the employing entity within the previous 2 years and the entity's chief executive has no indication that the information has changed.

22 Matters that a chief executive may have regard to when deciding that certain duties are child-related

22.1 In deciding whether the job is likely to provide dedicated services or activities where child/children is/are the primary or significant client group, the chief executive may have regard to the frequency of contact with children that the job involves.

22.2 In deciding whether the nature of contact with a child or children, and the context in which that contact happens, creates an unacceptable level of risk, the chief executive should consider factors such as the level and degree of supervision (e.g. is a child likely to be alone with the person, whether the person is in a position of trust or authority, if the child is particularly vulnerable) and the frequency of the contact.

23 Assessment of suitability

23.1 Assessment of a person's suitability is in respect of police information checking only and does not imply that the person will be appointed to the job. A suitable person may not be appointed to the job due to supervening reasons including, but not limited to, an adverse referee report or misrepresentation of the person's experience to work with children.

22.2 In assessing a person's suitability to perform child-related duties, the safety and wellbeing of children must be paramount.

23.3 The chief executive must consider the police information obtained through the screening process as part of assessing a person's suitability to perform child-related duties.

23.3 Without exception, a person is suitable where there is no police information about the person⁷ and is unsuitable if they are a relevant disqualified person⁸ other than because of a temporary offender prohibition order.

23.3 Save for exceptional cases, a person is suitable where:

- There is no conviction against the person but there is investigative information about the person; and/or there is a current charge for an offence (other than a disqualifying offence); and/or a charge for a disqualifying offence⁹ that has been dealt with; or

⁷ There are no recorded or unrecorded convictions, charges, investigative information or information indicating that the person is or has been a relevant disqualified person; or the subject of an application for a disqualification order; or named as the respondent to an application for an offender prohibition order.

⁸ See *Commission for Children and Young People and Child Guardian Act 2000*, section 120D.

⁹ See *Commission for Children and Young People and Child Guardian Act 2000*, section 120B.

DIRECTIVE No. 08/08

Refer Section 53 of the Public Service Act 2008

- There is a conviction for an offence other than a serious offence¹⁰.
- 23.5 Save for exceptional cases, a person must be considered unsuitable where there is a conviction for a serious offence¹¹ against the person; or the person is subject to a temporary offender prohibition order or has at any time been a relevant disqualified person.
- 23.6 In deciding that an exceptional case should render a person suitable or unsuitable the chief executive must consider:
- In relation to the commission or alleged commission of an offence:
 - whether it is a conviction or a charge;
 - whether the offence is a serious and disqualifying offence;
 - when the offence was committed or is alleged to have been committed;
 - the nature of the offence;
 - if a conviction, the penalty imposed by the court and, where no imprisonment or disqualification order was made, the court's reasons for its decision;
 - and
 - any other matters relevant to the person's suitability to perform child-related duties.
 - In relation to investigative information:
 - (i) when the acts or omissions constituting the alleged offence to which the investigative information relates were committed; and

- 23.7 If, in the circumstances outlined above, a current employee is unsuitable to perform child-related duties as a result of police information checking, the employee is to be placed in another job at their equivalent (substantive) classification level.

Risk management strategies for child-related and child-associated duties**24 Risk management strategies**

- 24.1 Employing entities to which this directive applies are required to implement risk management strategies covering child-related and child-associated employment, as set out in Schedule A. This applies only to the extent that entities are not otherwise legislatively required to implement a risk management strategy under the *Commission for Children and Young People and Child Guardian Act 2000*.
- 24.2 The chief executive must ensure the agency has a risk management strategy in operation within 12 months of the commencement of this directive.

2 EXISTING RIGHTS IN RESPECT OF LAND

2.1 Dam waters

2.1.1 The Easement Holder acknowledges that –

- (a) the Easement Area is located within land (referred to as “Land” for the purposes of this clause 2.1.1) acquired as a flood margin for the Dam in order to mitigate upstream flood impacts;
- (b) the Landowner presently operates the Dam so that areas of the Land are inundated for an extended period or periods of time as part of the Landowner’s business;
- (c) the Landowner may, in its discretion, alter its operations and such operational alterations may also alter the extent and nature of the period or periods of inundation of areas of the Land;
- (d) the Easement is subject to the Landowner’s rights in respect of inundation in clauses 2.1.1(a) to (c) above. If the Landowner inundates areas of the Land (which include parts of the Easement Area) on a permanent or temporary basis, this will not be a breach of the Easement and the Easement Holder will have no remedy or claim against the Landowner in respect of such inundation;
- (e) a permanent or temporary inundation of areas of the Land may cause problems for access, inspection of the Infrastructure and the exercise of rights granted under this Easement; and.
- (f) if the Easement Holder institutes a cause of action to prevent the rights of the Landowner referred to in this

clause, then, to the extent the Easement is inconsistent with those rights, the Easement will be read down and, where the Easement cannot be read down, the provisions of clause 2.1.3 will apply.

2.1.2 If at any time during the currency of this Easement, the waters of the Dam rise to cover any part of the Easement Area (including where this occurs as a result of the operation of the Dam generally or at its present full supply level or at a future full supply level) –

- (a) the exercise by the Easement Holder of its rights and powers under the Easement will be restricted;
- (b) no compensation is payable by the Landowner in respect of such restriction; and
- (c) the Easement Holder is not required to remove the Infrastructure installed pursuant to the Easement from the parts of the Easement Area which are so covered by water.

2.1.3 In accordance with the provisions of clause 8, it is confirmed that if at any time clause 2.1.1(f) applies and it is determined by a court that the rights granted under the Easement are void or ineffective, then the Landowner will grant to the Easement Holder a licence to use the Easement Area, in terms substantially equivalent to the Easement.

2.1.4 The Landowner will give the Easement Holder notice where the design of the Dam infrastructure changes, such that it needs to be augmented and such augmentation will necessitate the acquisition of additional land as a flood margin for the Dam.

2.2 Existing Registered Interests

The Easement Holder acknowledges that –

- (a) prior to the commencement of the Easement, the Landowner had granted the Existing Registered Interests to certain third parties which relate to areas of the Burdened Land which include the Easement Area;
- (a) the Existing Registered Interests were registered on the Landowner’s title to the Burdened Land prior to

- the commencement of the Easement;
and
- (c) the Easement Holder's rights and powers under the Easement must be exercised subject to the rights and interests granted to such third parties pursuant to the Existing Registered Interests.
- (d) without limiting clause 3.7, the Easement Holder must indemnify the Landowner against all actions, suits, claims, demands, losses, obligations, liabilities, damage, costs and expenses ("Claims"), whether incurred or threatened, arising from or in connection with the taking of the Easement which cause (or may the have effect of causing) the Landowner to be in breach of any of its obligations under the Existing Registered Interests, except to the extent that any Claims were caused or contributed to by the acts or omissions of the Landowner or its employees, agents, contractors or the Lessees.
- other things that the Easement Holder can do under the Easement;
- (e) enter, exit and traverse by whatever means, and remain on (for so long as is necessary) the Easement Area for the purpose of doing or getting ready to do any of the things the Easement Holder can do under the Easement;
- (f) subject to complying with the requirements of clause 5.2, pull down or break open any fencing on or adjacent to the Easement Area in order to enter or exit it (but only after, except in the case of an emergency, giving reasonable prior notice to the Landowner if any livestock are contained within the fenced area);
- (g) take anything onto the Easement Area (and any other adjacent land owned or occupied by the Landowner) when entering it and use and operate what has been taken onto the Easement Area; and
- (h) do on the Easement Area anything which in the Easement Holder's reasonable opinion is necessary or convenient for, or incidental to, exercising the Easement Holder's rights under the Easement, including, as examples but without limitation:

3. RIGHTS AND OBLIGATIONS OF EASEMENT HOLDER

3.1 Subject always to the Landowner's rights in respect of inundation in clauses 2.1.1 and 2.1.2, the Easement Holder may:

- (a) install, repair, maintain, remove, replace, clean, clear, add to and alter any Infrastructure on, in or through the Easement Area from time to time;
- (b) inspect or survey the Easement Area, or any Infrastructure on it, from time to time;
- (c) undertake mowing, slashing and vegetation (including without limitation timber, trees and crops) control or removal in relation to the Easement Area from time to time (provided that the use of any chemical, fertiliser, insecticide or weedicide is first approved by the Landowner);
- (d) break open the soil of the Easement Area (both on the surface and subsurface) for the purpose of doing or getting ready to do any of the
- (1) stockpiling Infrastructure or items required for or relating to the installation, repair, maintenance, removal, replacement, cleaning, clearing, addition or alteration of Infrastructure;
- (2) stockpiling soil dug up on or from under the Easement Area; and
- (3) temporarily restricting access to the Easement Area or parts of it, by whatever means the Easement Holder thinks fit including fencing off the Easement Area or parts of it, and doing other things to provide for the security of Infrastructure or persons or livestock, items referred to in subparagraph (1) or soil referred to in subparagraph

(2) provided that the Easement Holder has first provided temporary alternative access, at a location and in a form agreed with the Landowner (such agreement not to be unreasonably withheld or delayed), to provide a means of continued access to other parts of the Burdened Land for those of the Landowner's lessees affected by such temporary restriction.

3.2 The Easement Holder may exercise any of its rights or powers under this Easement by itself or through or with surveyors, engineers, servants, agents, licensees, contractors, subcontractors, employees and others authorised by the Easement Holder. The Easement Holder is responsible for the acts and omissions of such authorised persons.

3.3 In exercising rights and powers under the Easement, the Easement Holder must:

- (a) ensure that any work done on the Easement Area is done properly;
- (b) cause as little inconvenience as is reasonably practicable to the Landowner and the Lessees;
- (c) restore the Easement Area as nearly as is reasonably practicable to its former condition if the Easement Area is damaged or changed by the work done on the Easement Area; and
- (d) comply with all applicable laws regarding occupational, health and safety in the undertaking of any work done on the Easement Area.

3.4 If the Landowner breaches the Easement, the Easement Holder or persons authorised, permitted or licensed by the Easement Holder to use the Easement Area may do anything that is reasonably necessary to correct the breach (such as removing a structure erected on the Easement Area in breach of the Easement). Any such action shall be taken without the Easement Holder or persons authorised, permitted or licensed by the Easement Holder incurring any liability to the Landowner.

3.5 The Easement Holder must –

- (a) take all steps necessary to ensure that the Infrastructure does not create a hazard or danger during the currency of this Easement;
- (b) take all steps necessary to prevent disturbance, movement or release of material from the Easement Area;
- (c) take all reasonable measures to keep the Easement Area in a clean condition and free from accumulation of rubbish;
- (d) take all reasonable measures to revegetate any eroded areas of the Easement Area and generally maintain a vegetative cover on the Easement Area which is reasonably suitable to mitigate soil erosion; and
- (e) comply with all reasonable directions given by the Landowner in respect of the Easement Holder's activities on the Easement Area, where such directions are given for the purposes of preserving the quality of water in the Dam or permitting operation of the Dam.

3.6 If the Infrastructure is no longer required by the Easement Holder, the Easement Holder must either:

- (a) remove the Infrastructure from Easement Area; or
- (b) take all reasonable steps to ensure that the decommissioned Infrastructure will remain in a stable condition (including during inundation of any part of the Easement Area) so as not to increase the risk of damage to SEQWater's land, assets and/or operations through its non-use.

3.6A In removing any Infrastructure under clause 3.6(a), the Easement Holder must comply with the requirements of clause 3.3. Upon completion of such removal, the Easement Holder must tender an executed surrender of this Easement to the Landowner.

3.7 The Easement Holder indemnifies the Landowner against all actions, suits, claims, demands, losses, obligations, liabilities, damage, costs and expenses ("Claims") arising from or in connection with this Easement, the Infrastructure and/or the

Easement Area and incurred in connection with or relating to –

- (a) any breach of this Easement by the Easement Holder or any of its Agents;
- (b) any act or omission of the Easement Holder or any of its Agents during the currency of this Easement;
- (c) any pollution of the waters in the Dam which results from the exercise of the Easement Holder's rights under the Easement; or
- (d) any escape of treated water from the Infrastructure onto the Landowner's Land (including but not limited to the Burdened Land) or into the Dam without the consent of the Landowner,

except to the extent that any Claims were caused or contributed to by the acts or omissions of the Landowner or its employees, agents, contractors or the Lessees.

4 RIGHTS AND OBLIGATIONS OF LANDOWNER

4.1 The Landowner must:

- (a) not erect or permit to be erected any improvement, building, structure, pipeline, services, road fence, driveway or paving on or through the Easement Area without the prior written consent of the Easement Holder (but this will not oblige the Landowner to remove any such improvement, building, structure, pipeline, services, road fence, driveway or paving existing within the Easement Area as at the date on which the Easement Holder first exercises its rights under the Easement);
- (b) not alter the ground level of the Easement Area or change its topography without the prior written consent of the Easement Holder;
- (c) not plant trees on the Easement Area without the prior written consent of the Easement Holder;
