Planning Scheme Amendment: Change to the Definition of Forestry

Sections 2.1.5 and 6.1.6 of the *Integrated Planning Act*

Noosa Council adopted an amendment to the Schedule to the Planning Scheme for the Shire of Noosa on the 24 July 2003. The purpose and general effect of the amendment is to:-

1. The purpose of the proposed amendment is to facilitate the orderly implementation of vegetation management measures across the shire and to encourage ecologically sustainable use of land for forestry;
2. The effect of the change to the forestry definition is to include the harvesting of naturally grown timbers whereas the current forestry definition only refers to trees that have been planted;

The amendments have effect on and from 15 August 2003.

Copies of the amendment and the updated Schedule are available for inspection at Council's offices at Level 2, Pelican Street, Tewantin. The amendment may be obtained free of charge. A copy of the updated Schedule to the Planning Scheme may be purchased at a cost of \$27.50.

For further information, please contact the Environmental Services or Land Use Sections on 5449 5331.

11. Insert in Part 6 –

“(3) Members of the Residents’ Representative Committee or their nominees must be consulted in relation to aspects of the ongoing development of Royal Pines Resort. The following framework is intended to detail the mechanism for that consultation process to occur.

- Newsletter:

Residents and other interested parties must be informed, during the design phase and prior to construction commencing, of the ongoing development of Royal Pines Resort by monthly informative newsletters.

The first newsletter must detail the consultative framework including the role and function of the Construction Management Committee and Project Group.

- Construction Management Committee:

A Project Group must be established and maintained, consisting of authorised representatives from MID (Australia) Pty Ltd (or any subsequent owners/developer of part or all of the Royal Pines Resort site) and the Project Manager.

The Project Group must submit concept designs, locational plans and landscape concepts in respect of the buildings and structures to be constructed in or on the International Hotel Precinct and the existing maintenance facility to the Residents' Representative Committee for consideration 10 business days prior to any meeting of the Project Group.

Members of the Residents' Representative Committee must be invited in writing to attend the meetings of the Project Group to discuss concerns about the following:

- maintaining acceptable view corridors over the site of the International Hotel Precinct;
- retention of the native trees currently located adjacent to the existing maintenance shed;
- the visual impact of any new residential building within the existing maintenance facility which is not to overshadow the current landscaping of the current residential buildings within the Eastern Precinct; and
- any other matters associated with:
 - the design and construction of the new buildings in or on the existing maintenance facility; and
 - the design and construction of the three new towers in or on the International Hotel Precinct.

The Project Group should endeavour to incorporate and implement any recommendations and associated design changes of the Residents' Representative Committee, relating to the above concerns, which do not materially effect the commercialities of the development.

The Project Group must report to the Residents' Representative Committee the outcome of the Project Group meeting dealings.

The Project Group must inform the Body Corporate and Residents' Representative Committee of the outcomes via the monthly newsletter.

At all times whilst the development of Royal Pines Resort continues, the Project Group will maintain a two way information flow and provide opportunity for feedback and contribution from the Body Corporate and the Residents' Representative Committee.

- (4) The applicant shall provide a left in / left out and right turn in from Ross Street into the Residential (Western/Marina) Precinct (for right turn traffic movements in the order of up to 77 vehicles per hour (vph) during peak hours) and submit detailed engineering drawings prepared in accordance with Main Roads' Road Planning and Design Manual Chapter 13 and the department's requirements. The intersection shall include:

- Intersection lighting and ducting (for future provision of signals) will be required for the proposed right turn access and acceleration and deceleration lanes.
- A 100-metre deceleration lane (including taper) for left turns from the south into this precinct.
- A 220-metre acceleration lane (including taper) for left turns from western precinct.
- The width of the deceleration lane and acceleration lanes shall be a minimum of 3.5 metres, plus provision for cyclists (refer condition 8).
- Dedication of land (refer condition 10).

The applicant is to submit a traffic analysis in order to determine the length of the right turn slot.

- (5) The applicant shall provide a left in / left out from Ross Street into the Western Precinct and submit detailed engineering drawings prepared in accordance with Main Roads' Road Planning and Design Manual Chapter 13 and the department's requirements. The intersection design shall include:

- A 100-metre deceleration lane (including taper) for left turns from the south into this precinct.

- A 150-metre acceleration lane (including taper) for left turns from the western precinct to the north.
 - The width of the deceleration lane and acceleration lanes shall be a minimum of 3.5 metres, plus provision for cyclists (refer condition 8).
 - Permanent structure setbacks (refer condition 9).
- (6) The applicant shall submit detailed engineering drawings for the left in / left out movements at the Ross Street / Eastern Precinct (Primary Thoroughfare Precinct), which are prepared in accordance with Main Roads' Road Planning and Design Manual Chapter 13 and the department's requirements. The intersection design shall include:
- Intersection lighting will be required for the acceleration and deceleration lanes.
 - A 100-metre deceleration lane (including taper) for left turns from the north into the eastern precinct.
 - A 220-metre acceleration lane (including taper) for left turns from the western precinct to the south.
 - The width of the deceleration and acceleration lanes shall be a minimum of 3.5 metres, plus provision for cyclists (refer condition 8).
 - Permanent structure setbacks (refer condition 10).

Main Roads will not consider any permanent median openings for a right in only into the Eastern Precinct (Primary Thoroughfare Precinct). However, Main Roads are likely to favourably consider an "events only" access arrangement for eastbound right turns (in only), under police control. Safety and operational requirements would need to be satisfactorily addressed. Operation of the access would require the necessary application to, and approvals from, Main Roads prior to each event.

- (7) The applicant shall provide a high angle entry left turn exit lane only for left in / left out movements at the Ross Street / Eastern Precinct (Maintenance Shed Access) and submit detailed engineering drawings prepared in accordance with Main Roads' Road Planning and Design Manual Chapter 13 and the department's requirements. The intersection design shall include:
- A 70 metre deceleration lane (including taper) for left turn from the north into the eastern precinct maintenance shed access
 - The width of the deceleration lane shall be a minimum of 3.5 metres.
 - Dedication of land (refer condition 10).
- (8) The applicant shall provide cycle provisions at all upgraded and proposed accesses in accordance with Austroads Guide to Traffic Engineering Practice Part 14 and Main Roads' Road Planning and Design Manual. Ross Street is a designated District Cycle Route on the Gold Coast Bikeway Network Operational Plan. In undertaking the access works required by the amendments to the Scheme, and as a result of the additional traffic movements from the proposed development, additional road widening will be required to ensure that the quality of the existing cycle facilities are maintained.
- (9) The applicant is to undertake a detailed intersection assessment to identify the impacts of the proposed amendments to the Scheme on this intersection for a future year design horizon of 10 years post completion. This assessment is to provide a detailed assessment of the remedial measures required to mitigate these impacts. Main Roads currently has no plans to upgrade the subject intersection. Due to the current congestion being experienced at this intersection, if Royal Pines are to develop as proposed, then appropriate mitigation works will be required.
- (10) The design of acceleration and deceleration lanes associated with the proposed development accesses must not preclude the potential for the upgrading of Ross Street to six lanes in the future. This will necessitate the dedication of land at proposed accesses and the setting back of permanent structures, from a revised boundary line at upgraded accesses. Main Roads will determine the land dedication and setback requirements after the applicant has submitted design drawings of access works. The land dedication and setback is required to offset road reserve used for new or improved accesses where this compromises future upgrading. The land requirements will be kept to a minimum. Main Roads will consider an untied roadworks contribution plus setback to the satisfaction of Main Roads as an alternative to land dedication.

- (11) An undeveloped buffer shall be retained along the Nerang River west of Ross Street consisting of the existing riverbank area from high water mark up to the top of the bank and a 10 metre wide building setback from the top of the bank. The buffer shall be included in the Primary Thoroughfare Precinct. The sloped riverbank area is to be retained in its natural state and where appropriate the existing riparian vegetation is to be enhanced with additional native vegetation and the removal of weeds. Erosion protection measures may be required should stabilisation by natural measures prove inadequate. Any erosion protection measures will need to be designed and constructed in a manner that will encourage the re-establishment of native vegetation in these areas and minimise any adverse effects on adjacent areas.
- Note: The provisions of the *Beach Protection Act 1968* apply to all resorts approved under the *Integrated Resort Development Act 1987*. The consent of the Governor in Council pursuant to section 45 of the *Beach Protection Act 1968* will be required for the subdivision of land within the designated erosion prone area.
- (12) The Acid Sulfate Soils Management Plan for the Royal Pines Resort forwarded under cover of letter dated 5 March 2003 from Weathered Howe to the Department of Natural Resources and Mines (DNR&M) shall be amended in accordance with DNR&M's advice dated 8 April 2003 and submitted to DNR&M for consideration and approval prior to works commencing on the site."
12. Replace the Royal Pines Resort Gold Coast Integrated Resort Development Precinct Plan No. 3 with the Royal Pines Resort Gold Coast Integrated Resort Development Precinct Plan No. 4.

**NOTICE OF REPEAL OF
PART OF A MINISTERIAL DESIGNATION OF LAND
FOR COMMUNITY INFRASTRUCTURE
MADE UNDER THE INTEGRATED PLANNING ACT 1997**

I, PAUL THOMAS LUCAS, Minister for Innovation and Information Economy (Minister with responsibility for Energy), give notice:

Part of a Ministerial designation has been repealed

Pursuant to section 2.6.18 of the *Integrated Planning Act 1997*, on 9 August 2003, I repealed part of a Ministerial designation of land for community infrastructure made under section 2.6.7 and schedule 6 of the *Integrated Planning Act 1997*, in respect of two sections of land on which Queensland Electricity Transmission Corporation Limited (trading as Powerlink Queensland) proposed to build community infrastructure.

Description of the land to which the repealed part of the designation applied

The land to which the repealed part of the Ministerial designation applied is described below:

Easement/Area Reference	Easement/Area Plan No.	Lot No.	Survey Plan No.	Local Government
Area A	SP143472	571	AP6293	Gold Coast
Area B	SP143472	571	AP6293	Gold Coast
Area C	SP143472	571	AP6293	Gold Coast
Easement A	SP143473	64	WD939	Gold Coast
Area A	SP144272	571(Part)	FTY1816	Gold Coast
Area B	SP144272	571(Part)	FTY1816	Gold Coast
Easement DD	SP149977	11	SP129405	Gold Coast
Easement D	SP135125	11	SP129405	Gold Coast

Purpose of the community infrastructure for which the land was designated

The purpose of the community infrastructure for which the land was designated was operating works under the *Electricity Act 1994*, specifically two proposed sections of the Maudsland to Molendinar 275kV transmission line.

Operating works under the *Electricity Act 1994* are defined as community infrastructure under section 1(k) of Schedule 5 of the *Integrated Planning Act 1997*.

- 2 -

Reason for the decision to repeal part of the designation

The reason for the decision to repeal part of the designation is that parts of the previously designated route for the transmission line have been realigned.

**NOTICE OF A MINISTERIAL DESIGNATION OF LAND
FOR COMMUNITY INFRASTRUCTURE
MADE UNDER THE INTEGRATED PLANNING ACT 1997**

I, PAUL THOMAS LUCAS, Minister for Innovation and Information Economy (Minister with responsibility for Energy), give notice:

A Ministerial designation has been made

Pursuant to section 2.6.7 and schedule 6 of the *Integrated Planning Act 1997*, on 9 August 2003, I made a Ministerial designation of land for community infrastructure in respect of two sections of land on which Queensland Electricity Transmission Corporation Limited (trading as Powerlink Queensland) proposes to build community infrastructure.

Description of the land to which the designation applies

The land to which the Ministerial designation applies is described below:

1. A corridor of proposed new easements traversing the northern boundary of the Nerang State Forest and described in the table below:

**QUEENSLAND BUILDING SERVICES AUTHORITY
INSURANCE POLICY CONDITIONS**

EDITION 6

EFFECTIVE 1 SEPTEMBER 2003

Insurance Policy Conditions

Subject to the terms of this policy, the Queensland Building Services Authority ("BSA") will pay for loss for:

- Non-completion;
- Defective construction; and
- Subsidence or settlement

of the insured work referred to in the *certificate* of insurance.

These policy conditions apply to *residential construction work* covered by the *Statutory Insurance Scheme* for which a premium has been paid, a *contract* entered, or work commenced (whichever is the earliest) on or after 1 September 2003.

Note – in this policy, certain words and phrases used throughout are defined in Part 9 and are shown in italics when used, e.g., *Insured*.

Subject to the terms of this policy, *BSA's* maximum liability to pay is, for each residence or *residential unit*, an amount calculated by *BSA* as the *replacement value* of the *residential construction work* insured or \$200,000 (whichever is the lesser), **INCLUDING** a sum to a maximum of \$5,000 for alternative accommodation, removal and storage costs.

PART 1: NON-COMPLETION

1.1 Payment for Non-Completion

Subject to the terms of this policy, *BSA* agrees to pay for loss suffered by the *Insured* in the event of the *contractor* failing to complete the *contract* for the *residential construction work*.

1.2 Termination of Contract

- (a) *BSA* is only liable to pay for loss under this Part when the *contract* is for a *fixed price* and the *Insured* has properly terminated the *contract* with the *contractor*.
- (b) In this policy, "properly" means lawfully under the *contract* or otherwise at law, upon the *contractor's* default which extends to, but is not limited to:
- (i) the cancellation or suspension of the *contractor's* licence; or
 - (ii) the death or legal incapacity of the *contractor*; or
 - (iii) the insolvency of the *contractor*.

1.3 Amount of Payment Where Work has not Commenced

Subject to Parts 4, 5 and 6 of this policy, where the *contractor* has not commenced the *contracted works*, the amount of the payment is limited to the total of:

- (a) the lower of:
- (i) the amount of any unrefunded deposit paid by or on behalf of the *Insured* to or on behalf of the *contractor* ;
 - (ii) if the *contract* price is equal to or more than \$20,000 – 5% of the *contract* price; or

- (iii) if the *contract* price is less than \$20,000 – 10% of the *contract* price; and

- (b) interest on the amount payable under paragraph (a) at the rate stated in the *certificate* for the period from when the deposit was paid until the date when the *contract* was terminated.

1.4 Amount of Payment Where Works have Commenced

Subject to Parts 4, 5 and 6 of this policy, where the *contractor* has commenced the *contracted works*, the amount of the payment is limited to the total of:

- (a) *BSA's* assessment of the reasonable cost of completing the *contract* less the *owner's* remaining liability under the *contract* (exclusive of any amount by way of liquidated damages or damages for delay) at the date of termination of the *contract*; and
- (b) in the case of a *contract* for *residential construction work* other than a contract involving building work to a *related roofed building*, an amount *BSA* thinks reasonable for alternative accommodation of the *Insured*, removal and storage costs, necessarily incurred by the *Insured* as a result of the non-completion and because the *residential construction work* is, in the opinion of *BSA*, uninhabitable.

Any such payment will be limited to those reasonable alternative accommodation, removal and storage costs necessarily incurred as a result of the *contractor's* failure to complete the *contract* for the period from:

- the date nominated or stated in the *contract* for *practical completion*; or
- the date when the *Insured* has properly terminated the *contract* with the *contractor*; or
- the date the *Insured* gives notification of the claim to *BSA*;

whichever date is the latest, until the date that the *residential construction work* referred to in paragraph (b) is substantially complete in the opinion of *BSA*.

For the period between receipt of the formal claim approval from *BSA*, and the making of a *contract* for recommencement of construction, the payment is limited to those expenses incurred over a maximum period of seven days.

1.5 Works Commenced

For the purposes of this Part *contracted works* are commenced when:

- (a) construction of the *footing system* of a building comprising *residential construction work* is commenced; or
- (b) in the case of a *contract* for *residential construction work* where no *footing system* is to be constructed - when change to the existing structure is physically commenced.

1.6 Limit on Right to Payment

- (a) Where in the opinion of *BSA*, the value of the *contracted works* to be undertaken clearly exceeds the price to be paid, *BSA* will reduce the amount payable under this policy by the amount of that excess.

- (b) Where in the opinion of *BSA*, the *Insured* pays to or on behalf of the *contractor* any moneys for the *contracted works* before they become due ("prepayment"), *BSA* will reduce the amount payable under this policy by the value of that prepayment (the value of the prepayment is *BSA's* assessment of the value of the incomplete work in the stage of the *contract* for which the prepayment was made).

1.7 Expiry of Cover

BSA is only liable to pay for loss under this Part where the *Insured* has properly terminated the *contract* with the *contractor* within two years from the date of payment of the insurance premium or the date of entering into the *contract* (whichever is the earlier).

1.8 Time Limit for Making a Claim

The *Insured* is **NOT ENTITLED** to payment for loss under this Part unless the claim is made under the policy within **three months** of the *Insured* properly terminating the *contract*, or within such further time as *BSA* may allow.

1.9 No Liability in Certain Circumstances

BSA is not liable under this Part:

- (a) in relation to a *contract* or *contracts* for:
- (i) *residential construction work* involving more than two single detached dwellings between the *Insured* and the one *contractor*;
 - (ii) *residential construction work* involving more than one duplex between the *Insured* and the one *contractor*;
 - (iii) *residential construction work* involving more than two *residential units* within a *multiple dwelling* between the *Insured* and the one *contractor*;
 - (iv) *residential construction work* to the *common property* of a *multiple dwelling* other than a duplex between the *Insured* and the one *contractor*, unless at least 50% of the units were occupied when the *contract* was entered into, and when the *contract* was terminated;
 - (v) *residential construction work* involving the construction of a *multiple dwelling* other than a duplex.
- (b) where the *Insured* has exercised the *Insured's* right to withdraw from the *contract* during the "cooling off period" in accordance with the terms of the *contract*, or pursuant to the provisions of the Domestic Building Contracts Act 2000.

PART 2: DEFECTIVE CONSTRUCTION

2.1 Payment for Defective Construction

- (a) Subject to the terms of this policy, *BSA* agrees to pay the cost of rectifying defects in the *residential construction work* that is *primary building work*, other than for defects from subsidence or settlement referred to in Part 3 of this policy.

2.2 Amount of Payment

- (a) Subject to clause 2.2(c) and Parts 4, 5 and 6 of this policy, the amount of the payment under this Part will be limited to the reasonable cost, as determined by *BSA*, of undertaking those works necessary to rectify the defects, less, where the *Insured* contracted with the *contractor* for the undertaking of the *residential*

construction work which is defective, the *owner's* remaining liability under the *contract*.

For the purpose of determining the *owner's* remaining liability under the *contract* *BSA* may credit the *owner* with an amount for which the *contractor* has, for valuable consideration, waived payment and an amount for which the *contractor* is liable to the *owner* in respect of the *contract* for the *contracted works*.

- (b) Where *BSA* has admitted a claim for payment for loss relating to defects, it may if it thinks fit, having given prior written approval, pay the *Insured* for the reasonable alternative accommodation of the *Insured* and any removal and storage costs of the *Insured* necessarily incurred by the *Insured* as a result of the need to rectify the defects and because the *residential construction work* is, in the opinion of *BSA*, uninhabitable.
- (c) Where, in the opinion of *BSA*, the undertaking of remedial works is unnecessary or unreasonable, the payment will be limited to the loss in value, if any, in the *residential construction work*, produced by the departure from the plans or specifications or by the defective workmanship or materials.

2.3 Limits on Right to Payment

BSA's liability to pay under this Part will not arise:

- (a) where, in the opinion of *BSA*, the *Insured* unreasonably refuses access to the *contractor* or his/her agent to undertake rectification; or
- (b) in circumstances where *BSA* issues a direction to rectify defective work, until *BSA* is satisfied that the *contractor* will not comply with that direction or the requirements of the *Tribunal* or a Court in relation to that direction; or
- (c) in circumstances where the *contractor* has a continuing obligation to complete the *residential construction work*.

2.4 Expiry of Cover

- (a) Subject to clause 2.4(c), *BSA* is only liable to pay for loss under this Part for a *category 1 defect* where the defect first became evident within **six years and six months** after:

- (i) the date of payment of the insurance premium, or the date of entering into the *contract* (and where more than one date, whichever is the earlier); or
- (ii) where no insurance premium was paid and there was no written *contract*, the date of commencement of construction.

- (b) *BSA* is only liable to pay for loss under this Part for a *category 2 defect* where the defect first became evident within **six months** after the date of *practical completion* of the *residential construction work*.

- (c) Where the *residential construction work*, (and *residential construction work* comprising more than one separate residence will be considered separately), has not reached *practical completion* within **six months** after:

- (i) the date of payment of the insurance premium, or the date of entering into the *contract* (and where more than one date, whichever is the earlier); or

- (ii) where no insurance premium was paid and there was no written *contract*, the date of commencement of construction,

the period of insurance cover under this policy in respect of *category 1 defects* will be extended by the amount of time by which the time taken to reach *practical completion* of the *residential construction work* (and *residential construction work* comprising more than one separate residence will be considered separately) exceeds the period of **six months** from that date.

2.5 Time Limit for Making a Claim

The *Insured* is **NOT ENTITLED** to payment for loss under this Part unless:

- (a) in the case of a *category 1 defect*, the claim is made within **three months** of that defect first becoming evident (in the opinion of *BSA*); or
- (b) in the case of a *category 2 defect*, the claim is made within **seven months** of the date of *practical completion*,

or within such further time as *BSA* may allow.

2.6 No Liability in Certain Circumstances

BSA is not liable under this Part for that part of *residential construction work* that is *associated building work*.

PART 3: SUBSIDENCE OR SETTLEMENT

3.1 Payment for Subsidence or Settlement

- (a) Subject to the terms of this policy, *BSA* agrees to pay for the cost of remedying subsidence or settlement damage to the *residential construction work* that is *primary building work*.
- (b) For the purposes of this policy, "subsidence or settlement" means movement in the foundations of the *residential construction work* which adversely affects the structural adequacy or serviceability, performance or functional use of that work.

3.2 Amount of Payment

Subject to Parts 4, 5 and 6 of this policy, the amount of the payment under this Part will be:

- (a) (i) where the *residential construction work* has been completed and the *Insured* contracted with the *contractor* for the undertaking of the *residential construction work* whose foundations have subsided or settled, the reasonable cost of remedying the *residential construction work* less the *owner's* remaining liability under the *contract*; or
- (ii) where the *residential construction work* has been completed and the *Insured* purchased the *land* on which the *residential construction work* has been performed, the reasonable cost of remedying the *residential construction work*; or
- (iii) where the *residential construction work* has not been completed, the reasonable cost of remedying the *residential construction work*; and
- (b) where *BSA* has admitted a claim for payment for loss in relation to subsidence or settlement, it may if it thinks fit, having given prior written approval, pay the *Insured* for the reasonable alternative accommodation of the

Insured and any removal and storage costs of the *Insured* necessarily incurred by the *Insured* as a result of the need to remedy the subsidence and settlement damage and because the *residential construction work* is, in the opinion of *BSA*, uninhabitable.

3.3 Limits on Right to Payment

BSA's liability for payment under this Part will not arise:

- (a) where, in the opinion of *BSA*, the *Insured* unreasonably refuses access to the *contractor* or his/her agent to undertake rectification; or
- (b) in circumstances where *BSA* issues a direction to rectify defective work, until *BSA* is satisfied that the *contractor* will not comply with that direction or the requirements of the *Tribunal* or a Court in relation to that direction.

3.4 Expiry of Cover

- (a) Subject to clause 3.4(b), *BSA* is only liable to pay for loss under this Part where the subsidence or settlement first became evident within **six years and six months** after:

- (i) the date of payment of the insurance premium, or the date of entering into the *contract* (and where more than one date, whichever is the earlier); or
- (ii) where no insurance premium was paid and there was no *contract*, the date of commencement of construction.

- (b) Where the *residential construction work*, (and *residential construction work* comprising more than one separate residence will be considered separately), has not reached *practical completion* within **six months** after:

- (i) the date of payment of the insurance premium, or the date of entering into the *contract* (and where more than one date, whichever is the earlier); or
- (ii) where no insurance premium was paid and there was no written *contract*, the date of commencement of construction,

the period of insurance cover under this policy in respect of subsidence or settlement will be extended by the amount of time by which the time taken to reach *practical completion* of the *residential construction work* (and *residential construction work* comprising more than one separate residence will be considered separately) exceeds the period of **six months** from that date.

3.5 Time Limit for Making a Claim

The *Insured* is **NOT ENTITLED** to payment for loss under this Part unless the claim is made within **three months** of the subsidence or settlement first becoming evident (in the opinion of *BSA*), or within such further time as *BSA* may allow.

3.6 No Liability in Certain Circumstances

BSA is not liable under this Part for the cost of remedying subsidence or settlement damage for *residential construction work* that is *associated building work*.

PART 4: LIMITS OF LIABILITY**4.1 Limits of Liability**

In no case will *BSA* be liable to an *Insured* for an amount in excess of the maximum amount of payment for loss calculated in accordance with this policy.

4.2 Maximum Amount of Payment

- (a) Subject to the terms of this policy, the maximum amount of payment for which *BSA* is liable is:
- (i) for each single detached dwelling, *residential unit* or *related roofed building* – an amount calculated by *BSA* as the *replacement value* of the *residential construction work* or \$200,000 (whichever is the lesser), INCLUDING (where applicable) a sum to a maximum of \$5,000 for alternative accommodation, removal and storage costs; or
 - (ii) for *common property* under the Body Corporate and Community Management Act 1997 for any one building being a *multiple dwelling* – the lowest of the following amounts:
 - \$1,000,000;
 - \$200,000 times the number of *residential units* in the building; or
 - an amount calculated by *BSA* as the *replacement value* of the *residential construction work* consisting of the *common property*.
- (b) When a *related roofed building* is erected or constructed as part of a *contract* for the performance of other *residential construction work* the maximum amount of payment for which *BSA* is liable is:
- (i) for a single detached dwelling and the *related roofed building* or buildings - \$200,000;
 - (ii) for each *residential unit* and the *related roofed building* or buildings - \$200,000; or
 - (iii) for *common property* under the Body Corporate and Community Management Act 1997 for any one building being a *multiple dwelling* including the *related roofed building* or buildings – the lowest of the following amounts:
 - \$1,000,000;
 - \$200,000 times the number of *residential units* in the building; or
 - an amount calculated by *BSA* as the *replacement value* of the *residential construction work* consisting of the *common property*.
- (c) The maximum amount of the payment for which *BSA* is liable to an *Insured* for a *contractor* failing to complete the *contract* or *contracts* with the *Insured* is \$200,000 in the aggregate, notwithstanding the *Insured* may be covered under this policy and another policy or policies.

4.3 Taxes

- (a) Any payment made by *BSA* under this policy is inclusive of all relevant taxes on the amounts paid or payable.
- (b) All maximum liability amounts stated in this policy are inclusive of all relevant taxes in respect of those amounts.
- (c) Where the amount of any payment to be made by *BSA* under this policy is to be assessed or calculated by reference to costs expected to be incurred by the *Insured*, those costs are to be determined:
- (i) after reduction for the amount of any *input tax credits* to which the *Insured* is, or in the opinion of *BSA* could reasonably be expected to be, entitled to claim in respect of those costs; and
 - (ii) exclusive of any *GST* liability for supplies made, or which may be made, by the *Insured*.
- In forming its opinion of whether the *Insured* is, or could reasonably be expected to be entitled to claim *input tax credits* in respect of any cost, *BSA* may have regard to whether it is likely that the acquisition for which the cost was incurred, will relate to a *taxable supply*, given:
- the status of the *Insured* as registered for *GST* purposes;
 - the nature of the enterprise ordinarily carried out by the *Insured*; and
 - the balance of any other evidence available to *BSA* that the *Insured* would be likely to deal with the property in such a way that the acquisition would relate to a *taxable supply*, rather than an *input taxed supply*.
- (d) Where the assessment or calculation of the amount of any payment to be made by *BSA* under this policy involves an adjustment for the remaining liability under a *contract* entered into after 30 June 2000 and where *GST* has been included in that *contract* liability, then the adjustment for that remaining liability may be determined after reduction for the amount of any *input tax credits* to which the *Insured* could, in the opinion of *BSA*, reasonably have been expected to be entitled to claim in respect of that remaining liability.
- (e) In this clause “registered” has the same meaning as in the *GST Act*.

4.4 Additional Limits for Multiple Dwellings

- (a) Where the *residential construction work* involves a *multiple dwelling*, the maximum amount of the payment for loss to the *owner* of a *residential unit* under this policy will be reduced where *BSA* has a liability to pay a claim, or has paid a claim, at the time of loss in relation to any of the *common property* of the *community titles scheme* of which the *residential unit* forms a part.
- (b) The amount of this reduction is calculated in accordance with the following formula:

$$\text{Amount} = F \times G$$

Where:

F is the amount paid or payable in relation to the *common property*;

G is the *Insured's* lot entitlement as a proportion of the sum of the lot entitlements in the *community titles scheme*, or, if there is no *community titles scheme*, then G is the floor area of the *residential unit* as a proportion of the total floor area of the building or buildings (excluding any car park) to which the claim for *common property* relates.

4.5 Additional Limits Where Commercial Works are Involved

(a) Subject to the terms of this policy, where the insured work is contained in a building or buildings ("building") that incorporates both residential purposes and commercial purposes, BSA's liability to the *Insured* under Parts 2 or 3 of this policy in relation to *common property* is limited to:

(i) where there is a *community titles scheme*, an amount calculated in accordance with the following formula –

$$\text{liability} = \text{loss} \times \frac{\text{lot entitlement of residential units in building}}{\text{total lot entitlement of building}}$$

or

(ii) if there is no *community titles scheme*, an amount calculated in accordance with the following formula –

$$\text{liability} = \text{loss} \times \frac{\text{floor area of residential units in building}}{\text{total floor area of building (excluding any car park and common property)}}$$

(b) For the purpose of this clause, "loss" is the total cost to rectify defects or remedy subsidence and settlement damage to *common property*.

4.6 Other Insurance

(a) If any loss insured by this policy is covered by any other policy or policies of insurance ("relevant policies"), BSA will pay only the amount in excess of the amount payable under any relevant policies.

(b) If the *Insured* elects not to claim or pursue payment or indemnity under any relevant policies, BSA will only be liable to pay the *Insured* the amount in excess of the amount that would have been payable under any relevant policies.

(c) The *Insured* shall notify BSA in writing of any insurance or insurances already effected covering, whether in whole or in part, the property or liability hereby insured.

4.7 Effect of Release of Contractor or Provision of Indemnity

(a) Where the *contractor* or other person has been released from any liability in relation to the insured works BSA is thereby released from liability under this policy to the same extent.

(b) Where the *contractor* or other person has been indemnified by the *Insured* in relation to the insured works the *Insured* thereby releases BSA from liability under this policy to the extent of that indemnity.

PART 5: GENERAL EXCLUSIONS

5.1 Completion or Rectification Without Approval

BSA may refuse to make a payment for loss under this policy where *residential construction work* has been completed or rectified (as applicable) without the prior written approval of BSA.

5.2 Subsequent Purchasers

Where the *Insured* purchased the *land* on which *residential construction work* has been performed, the *Insured* is **NOT ENTITLED** to payment for loss under Parts 2 or 3 of this policy where such defect or subsidence or settlement was, in the opinion of BSA, evident prior to completing the *contract* to purchase the *land*.

5.3 Alterations and Additions

Where the *residential construction work* involves *primary building work* to an existing residence or *related roofed building* the *Insured* is **NOT ENTITLED** to payment for loss under this policy for any defects or subsidence or settlement which occurs in relation to that existing residence or *related roofed building* other than those which are directly caused or contributed to by the performance of the *residential construction work*.

5.4 Other Exclusions

The *Insured* is **NOT ENTITLED** to payment for loss where the loss is caused by or contributed to by:

(a) the act, omission or inaction of any person other than the *contractor* or the *contractor's* agent, employee, subcontractor, supplier or invitee;

(b) defective design:

(i) in the case of a *multiple dwelling* (and subject to clause 5.5) - where the *Insured* is the person who contracted with the *engineer*, *architect* or *design drafter* for the design of the *residential construction work*;

(ii) in any other case - unless the design was prepared by or on behalf of the *contractor* or by:

- an *engineer*;
- an *architect*; or
- a *design drafter*.

(c) the gradual deterioration of the *residential construction work* caused by fair wear and tear or by the lack of maintenance or neglect of the *Insured*;

(d) the failure of any person other than the *contractor* or the *contractor's* agent, employee, subcontractor, supplier or invitee to undertake reasonable maintenance, inspections and treatments or to carry out reasonable recommendations given by BSA;

(e) pressure waves caused by aircraft or other aerial devices; or

(f) earthquake, erosion, flood, storm or tempest, landslip, tidal wave, change of water course, failure of artificial devices for the storage or conveyance of water or gas (unless constructed as part of the *residential construction work* by the *contractor*), fire, theft, malicious damage, or accidental damage.

5.5 Insured as the Contractor or an Associate of the Contractor

(a) Where the *Insured* is:

(i) a building contractor (other than a subcontractor); or

(ii) an associate of a building contractor;

and that building contractor has performed or caused performance of the *residential construction work* then

the *Insured* is not entitled to payment for loss under Part 1 (Non-Completion) or Part 2 (Defective Construction) of this policy in relation to the insured works.

(b) For the purposes of clause 5.5(a) an *Insured* is taken to be an associate of a building contractor if:

(i) in the case of the building contractor being a company – the *Insured* is:

- an officer of the company;
- an individual, other than an officer of the company, who is in a position to control or substantially influence the conduct of the company's affairs, including for example, a shareholder with a significant shareholding, a financier or a senior employee;
- the spouse (including a de facto spouse) or child of an officer of the company or an individual, other than an officer of the company, who is in a position to control or substantially influence the conduct of the company's affairs, including for example, a shareholder with a significant shareholding, a financier or a senior employee;
- a trustee of a trust where the company, or another entity that is an associate of the company because of another subparagraph of this clause, benefits or is capable of benefiting under the trust;
- another company whose majority voting interest is held by the company; or
- another company who holds a majority voting interest in the company;

(ii) in the case of the building contractor being an individual – the *Insured* is:

- the spouse (including a de facto spouse) or child of the individual;
- a trustee of a trust where the individual, or another entity that is an associate of the individual because of another subparagraph of this clause, benefits or is capable of benefiting under the trust;
- a company whose majority voting interest is held by the individual; or
- a company in which the individual, the individual's spouse (including a de facto spouse) or child is in a position to control or substantially influence the conduct of the company's affairs, including for example, a shareholder with a significant shareholding, a financier or a senior employee.

(c) Where the *Insured* is a building contractor (other than a subcontractor), and has performed or caused performance of the *residential construction work*, then the *Insured* is not entitled to payment for loss under Part 3 (Subsidence or Settlement) of this policy unless:

(i) the *residential construction work* in question is the *contractor's* permanent residence; and

(ii) the footing was designed by an *engineer* and that design has been faithfully followed.

5.6 Carpet & Vinyl

The *Insured* is not entitled to payment for loss which relates to repair, replacement or cleaning of carpet or vinyl floor coverings irrespective of whether they are defective, damaged or improperly installed.

5.7 Terrorism

(a) This policy excludes loss, damage, cost, or expense directly or indirectly caused by, contributed to by, resulting from, or arising out of or in connection with any act of *Terrorism*, as defined herein, regardless of any other cause or event contributing concurrently or in any other sequence to the loss.

(b) This policy also excludes loss, damage, cost, or expense directly or indirectly caused by, contributed to by, resulting from, or arising out of or in connection with any action in controlling, preventing, suppressing, retaliating against, or responding to any act of *Terrorism*.

5.8 Electronic Data

This policy does not insure:

- (a) total or partial destruction, distortion, erasure, corruption, alteration, misinterpretation or misappropriation of *electronic data*;
- (b) error in creating, amending, entering, deleting or using *electronic data*; or
- (c) total or partial inability or failure to receive, send, access or use *electronic data*, for any time or at all,

from any cause whatsoever, regardless of any other contributing cause or event whenever it may occur.

PART 6: CLAIMS

6.1 Procedure for Claims

(a) Prior to making a claim under this policy for defective construction or subsidence or settlement, the *Insured* will (except in the case of insolvency or death of the *contractor*) notify the *contractor* of the facts and circumstances giving rise to the claim and will allow the *contractor* a reasonable opportunity in which to rectify the defects or subsidence or settlement.

(b) All claims will be in writing and will be in such form and contain such information as *BSA* may direct.

6.2 Admission of Claims

Before admitting a claim, *BSA* will determine whether a direction should be made requiring the *contractor* to rectify the *residential construction work*.

6.3 Duty of Good Faith

(a) The *Insured* has a duty to *BSA* to act in utmost good faith in respect of any matter arising under or in relation to this policy.

(b) This duty includes, but is not limited to, a responsibility to disclose to *BSA* every matter the *Insured* knows, or could reasonably be expected to know, which may be relevant to a determination of the liability or the extent of the liability of *BSA* to pay a claim under this policy.

(c) If the *Insured* fails in the duty of utmost good faith, the *Insured* is liable to pay *BSA* any amount paid in excess

of *BSA's* actual liability to pay for loss under this policy, and *BSA* may recover such sum accordingly.

6.4 Subrogation

BSA is subrogated to the rights of the *Insured* to the extent of any payment it has made or undertaken to make.

PART 7: PAYMENT

7.1 Payment

Where *BSA* admits a claim under this policy, *BSA* may, at its own discretion, and in full discharge of its liability, do any of the following:

- (a) pay the amount of the claim to a licensed *contractor* engaged by the *Insured* with the approval of *BSA* to rectify or complete the insured works; or
- (b) arrange and pay for the rectification or completion of the insured works by a licensed *contractor* appointed by *BSA* to the extent of the *Insured's* entitlement; or
- (c) pay the amount of the claim to the *Insured*; or
- (d) pay such part of the amount of the claim which is to be used for rectification or completion of the insured works to a licensed *contractor* and any balance to the *Insured*; or
- (e) pay the amount of the claim or any part of it to a body corporate in payment of any contribution or levy owing by the *Insured* under the Body Corporate and Community Management Act 1997; or
- (f) pay the amount or part of the amount of a claim made by a body corporate to one or more lot *owners* in the *community management scheme* to which the claim relates.

PART 8: REVIEWABLE DECISIONS

8.1 Decisions of *BSA* Which are Reviewable

Section 101 of the Commercial and Consumer Tribunal Act 2003 provides that the *Tribunal* may review a reviewable decision for which the *Tribunal* is given jurisdiction under an empowering Act. Section 86 of the Queensland Building Services Authority Act 1991 provides that the *Tribunal* may review the following decisions of *BSA*:

- a decision about the scope of works to be undertaken under the *Statutory Insurance Scheme* to rectify or complete tribunal work; or
- a decision to disallow a claim under the *Statutory Insurance Scheme* wholly or in part; or
- a decision that a domestic building contract has been validly terminated having the consequence of allowing a claim for non-completion under the statutory insurance scheme.

8.2 Application for Review

- (a) If the *Insured* is affected by a reviewable decision of *BSA*, the *Insured* may apply to the *Tribunal* for a review of the decision in accordance with section 102 of the Commercial and Consumer Tribunal Act 2003.
- (b) An application to review a decision of *BSA* must be made within 28 days after the *Insured* receives written notice of the decision.

- (c) Fire Sprinkler Systems (Domestic and Residential)
- (d) Fire Sprinkler Systems (Other than Domestic and Residential)
- (e) Fire Suppression Systems – Special Hazards
- (f) Fixed Fire Pump Sets
- (g) Fire Equipment – Passive (Fire Doors and Fire Shutters)

3. Evidence of the following levels of cover will be required at the time of application, renewal and/or audit.

4. A licensee holding a licence in one of the classes prescribed in this Part must have a professional indemnity insurance policy that shall –

- (a) Indemnify the licensee against legal liability resulting from any claim or claims first made against the licensee during the period of insurance or during the period of any run-off and first notified to the Insurer during such period and arising out of any act, error or omission on the part of the licensee in the conduct of the licensee's business as a building designer, hydraulic services designer, site classifier, completed residential building inspector, termite manager – chemical or fire protection licence holder, as the case may be, or in relation to the conduct of the business as a building designer, hydraulic services designer, site classifier, completed residential building inspector, termite manager - chemical or fire protection licence holder, of a company or firm of

which the licensee is a director, principal, partner or employee;

- (b) At least 1 automatic reinstatement extension of indemnity;
- (c) Provide indemnity against legal liability in respect of claims for damages or compensation made against the licensee from misleading or deceptive conduct which is likely to mislead or deceive under section 52, 53, 53A and 74 of the *Trade Practices Act 1974 (Cwth)* or section 38, 40, 40A of the *Fair Trading Act 1989 (Qld)* or the equivalent provision of similar legislation in other States and/or Territories but excluding any claims arising from dishonest, fraudulent, malicious or criminal conduct;
- (d) May name as the Insured either the building designer, hydraulic services designer, site classifier, completed residential building inspector, termite manager - chemical or fire protection licence holder, or the company or partnership of which the above-mentioned licence class holder is a director, partner or employee provided that where the Insured is a company the policy shall provide indemnity to:
 - I. persons who at the commencement of or who become during the period of insurance, partners, directors or employees of the company and are licensed in the appropriate class; and
 - II. persons who are former partners, directors or employees of a company and who are or have been, but no longer are licensed in the appropriate class, in respect of acts, errors or omissions committed or allegedly committed by them whilst they were partners, directors or employees of the company.
- (e) Not contain any term, which limits the continuity of run-off cover to any time earlier than the earliest of the following:
 - I. the expiry date or any anniversary date of any scheme of professional indemnity insurance covering a building designer, hydraulic services designer, site classifier, completed residential building inspector, termite manager - chemical or fire protection licence holder, should the Insurer cease to be an Insurer in whole or part of any scheme of professional indemnity insurance for the abovementioned class of licence; or
 - II. the expiry date of the building designer, hydraulic services designer, site classifier, completed residential building inspector, termite manager - chemical or fire protection licence holder's insurance policy should the Insurer cease to provide insurance for the class of licence; or
 - III. the date when the Insurer ceases to trade; or
 - IV. the date when the Insurer lawfully cancels the policy.

Provided always that if the policy contains run-off cover, the policy shall provide that it shall be a condition precedent to the limitation or cessation of run-off but in each case the Insurer shall have first given to the building designer, hydraulic services designer, building interior designer, residential interior designer, site classifier, completed building inspector, termite manager - chemical or fire protection licence holder including those licensees who are covered by the policy and who have been, but no longer are, licensed under the *Queensland Building Services Authority Act 1991* in the abovementioned licence classes, advance notice of one month of its intention to limit or cease the continuity of run-off cover.
- (f) Not exclude liability for loss or damage arising out of or concerning building work as defined under the *Queensland Building Services Authority Act*

- 1991 (*Qld*) in the State of Queensland unless such liability would otherwise have been excluded by the Insurer's standard wording for professional indemnity insurance of building designer, hydraulic services designer, site classifier, completed residential building inspector, termite manager - chemical or fire protection licence holder, at the time of effect of this section of Board Policy or if the Insurer has no such standard wording of a type of professional indemnity insurance normally available within the insurance industry at that time.
- (g) Have a retroactive date:
- I. where the Insured is a sole practitioner, not later than the date at which the building designer, hydraulic services designer, site classifier, completed residential building inspector, termite manager - chemical or fire protection licence holder was first licensed; and
 - II. where the Insured is a partnership or company, for each partner, director or employee not later than the date on which the partner, director or employee was first licensed.
- (h) Require the Insurer to give notice of any proposed cancellation to the Executive Manager Licensing, Queensland Building Services Authority in the same day that the notice is given to the Insured.
- (i) Require the Insurer to give immediate notice to the Executive Manager Licensing, Queensland Building Services Authority of any notice of cancellation of the policy received from the Insured.
- (j) Specify a limit of indemnity for any one claim and in the aggregate during any one period of insurance of not less than \$1 million for the licence classes of:
- I. Hydraulic Services Design
 - II. Site Classifier
 - III. Completed Residential Building Inspection
 - IV. Fire Equipment - Passive (Wall and Ceiling)
 - V. Fire Equipment - Passive (Penetration and Joint Sealing)
- And specify a limit of indemnity for any one claim and in the aggregate during any one period of insurance of not less than \$1 million for the following licence classes, **only** if the licensee is applying for a licence that includes certification in the approved scope of work for the class.
- VI. Fire Hose Reels and Fire Hydrants
 - VII. Fire Sprinkler Systems (Domestic and Residential)
 - VIII. Fire Sprinkler Systems (Other than Domestic and Residential)
 - IX. Fire Suppression Systems - Special Hazards
 - X. Fixed Fire Pump Sets
 - XI. Fire Equipment - Passive (Fire Doors and Fire Shutters)
- (k) Specify a limit of indemnity for any one claim and in the aggregate during any one period of insurance of not less than \$0.5 million for the licence classes of:
- I. Termite Management - Chemical
- And specify a limit of indemnity for any one claim and in the aggregate during any one period of insurance of not less than \$0.5 million for the following licence classes, **only** if the licensee is for a licence that includes certification in the approved scope of work for the class:
- II. Fire Fighting Appliances
- (l) Specify a limit of indemnity for any one claim and in the aggregate during any one period of insurance of not less than \$0.5 million for the licence classes of:
- I. Building Designer - Open
 - II. Building Designer - Medium Rise

- III. Building Designer - Low Rise
- (m) Include in addition to limit of indemnity, payment of the costs and expenses incurred by the Insured with the consent of the Insurer in defending or settling any claim and, in respect of any one claim, the policy may limit this sum to \$100,000 or 20% of the limit of indemnity, whichever is the greater.
- (n) Either:
- (i) the policy must be compliant with the *Insurance Contracts Act 1984 (Cwth)*; or
 - (ii) the policy must be placed by a general insurance broker duly registered under the *Insurance (Agents and Brokers) Act 1984 (Cwth)*.
5. The following may be provided as evidence of the appropriate levels of cover at the time of application, renewal and/or audit by the Authority:
- (i) Where the policy is compliant with the *Insurance Contracts Act 1984 (Cwth)* - a copy of the Certificate of Currency; or
 - (ii) Where the policy has been arranged by a general insurance broker duly registered under the *Insurance (Agents and Brokers) Act 1984 (Cwth)* - a copy of the Certificate of Currency together with a receipt from the broker.

11A INSURANCE REQUIREMENTS - FIRE DETECTION SYSTEMS

In addition to other requirements set out in the Financial Requirements for Licensing, licensees applying for, seeking to renew, or upon compliance audit by the Authority, licences in the class of Fire Detection Systems must hold Broad Form Public and Products Liability Insurance with a minimum limit of indemnity of \$5 million with policy extension to include:

- (a) The certification of the installation of fire detection systems under the *Standard Building Regulation 1993*;
- (b) Preparation of a report or similar document for the purpose of a certificate or record of maintenance of fire detection systems under Sections 14-16 of the *Building Fire Safety Regulation 1991*.

OR

Professional Indemnity Insurance that specifies a limit of indemnity for any one claim and in the aggregate during any one period of insurance of not less than \$5 million that complies with section 11 and paragraphs 11A(a) and (b) above.

11B IMPLIED WARRANTY BY INSURANCE COMPANIES AND INSURANCE BROKERS

By supplying a Certificate of Currency to the Authority the Insurance Company and/or general insurance broker is warranting to the Authority that the professional indemnity policy taken out by the Applicant/Licensee complies with section 11 and/or 11A of the Financial Requirements for Licensing.

Queensland Competition Authority Act 1997
Section 36

NOTIFICATION

**Queensland Competition Authority's Final Report:
*Gladstone Area Water Board: Investigation of Pricing Practices.***

The Decision

As the Ministers under the *Queensland Competition Authority Act 1997*, we hereby declare, under Section 36 of the *Queensland Competition Authority Act 1997*, that we accept, without qualification, all of the recommendations about pricing practices contained in the Queensland Competition Authority's (QCA's) report titled, *Gladstone Area Water Board: Investigation of Pricing Practices*.

We acknowledge the QCA's pricing recommendations contained in the Final Report are based on the Council of Australian Government's water pricing principles of full-cost recovery, consumption based pricing, the reduction or elimination of cross-subsidies and making subsidies transparent. While the application of these pricing principles will result in increases in the cost of water in the Gladstone region, a three year transitional period has been endorsed to minimise the impact of those price changes on GAWB's existing customers;

We recognise the severity of the drought experienced in the Gladstone region is of significant concern to the local community and the Queensland economy. The Government is currently working in conjunction with the Gladstone Area Water Board (GAWB) to find appropriate measures to assist in easing the possibility of future water shortages in the Gladstone region.

In acknowledging the extreme severity of the drought, the QCA has addressed the issue through its recommendations on drought management options for GAWB to consider in conjunction with its customers. However, the QCA has not incorporated the full impact of the drought in its pricing recommendations. The QCA advised, at the time the report was prepared, it was too early in the drought cycle to incorporate the effects of the drought in its recommendations about GAWB's pricing practices because there was insufficient hydrological information to determine whether this drought marked a significant change from existing weather patterns and hydrology reports.

While accepting the QCA's position, we acknowledge that subsequent analysis suggests the hydrology patterns have changed as a result of the drought and that this will impact on the capacity requirements of GAWB and its future pricing practices. Given these circumstances, the Government is in the process of reviewing existing hydrological information to determine precisely the impact of the drought. We recommend the QCA incorporate the updated hydrological information in its 2004 pricing review of GAWB, or sooner if the drought triggers a mid-term review.

Legislation

Under section 19 of the *Queensland Competition Authority Act 1997*, we declared (by gazette notice) the Gladstone Area Water Board (GAWB) to be a government monopoly business activity.

Under section 23 of the *Queensland Competition Authority Act 1997*, we referred the GAWB to the QCA for a pricing investigation.

Sections 36 and 37 of the *Queensland Competition Authority Act 1997* outline the process we must comply with on the receipt of a QCA pricing investigation report on the GAWB.

Evidence or other material on which the decision was based

In arriving at our decision, we had before us the following material:

- (1) The relevant sections of the *Queensland Competition Authority Act 1997*, specifically, section 30 through to section 36.
- (2) The QCA's report *Gladstone Area Water Board: Investigation of Pricing Practices*.
- (3) The Queensland Competition Authority's *Statement of Regulatory Pricing Principles for the Water Sector*.
- (4) The Council of Australian Governments strategic framework for water industry reform.
