Introduction

The Queensland Government is committed to reducing late night drug and alcohol-related violence and antisocial behaviour. The safe night precinct (precinct) initiatives and the suite of other initiatives that are part of the *Safe Night Out Strategy* (strategy) have been developed for this purpose, in consultation with community and industry. The strategy objectives include the promotion of responsible service and consumption of alcohol and minimisation of the risk of alcohol and drug-related harm and associated violence in the precinct. A key feature of the strategy is to empower local stakeholders to develop solutions for their own areas.

An important component of the strategy is the establishment of precincts across the state. 15 precincts have been prescribed in the Liquor Regulation 2002, taking effect on 1 October 2014. Precinct boards can plan for and manage the safety and amenity of the precinct; raise funds to deliver initiatives; promote harm minimisation; and liaise with and support community organisations providing rest and recovery services.

Objective

To allocate funding to associations incorporated under the *Associations Incorporation Act 1981* prescribed and established to be the precinct boards for areas prescribed as a safe night precinct under the Liquor Regulation 2002.

What sources of funding are available to precincts?

To allow for the establishment of precincts and their ongoing funding of initiatives, the Government has allocated grant funding to three funding pools:

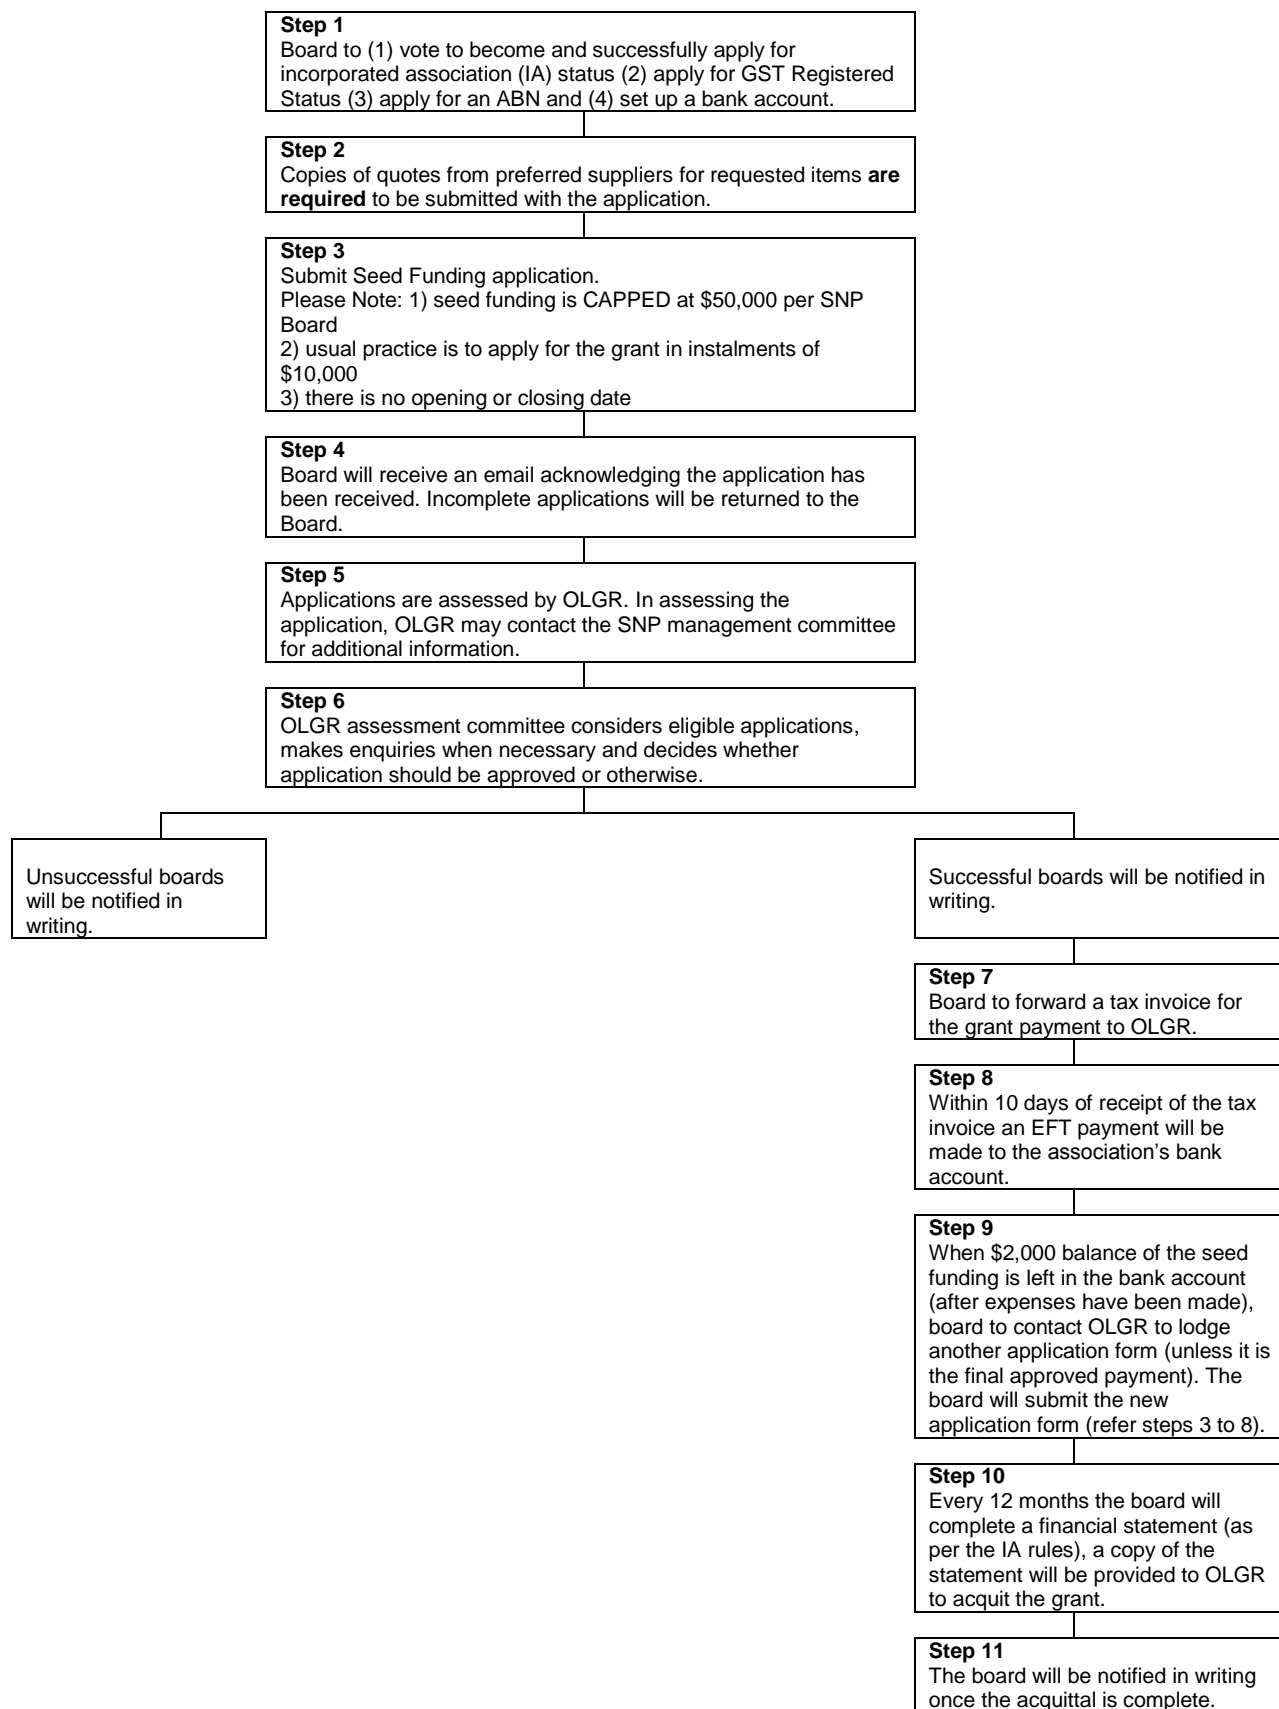

- (1) Seed Funding;
- (2) Operational Funding; and
- (3) Rest and Recovery Funding.

These funding guidelines deal with Seed Funding and Operational Funding.

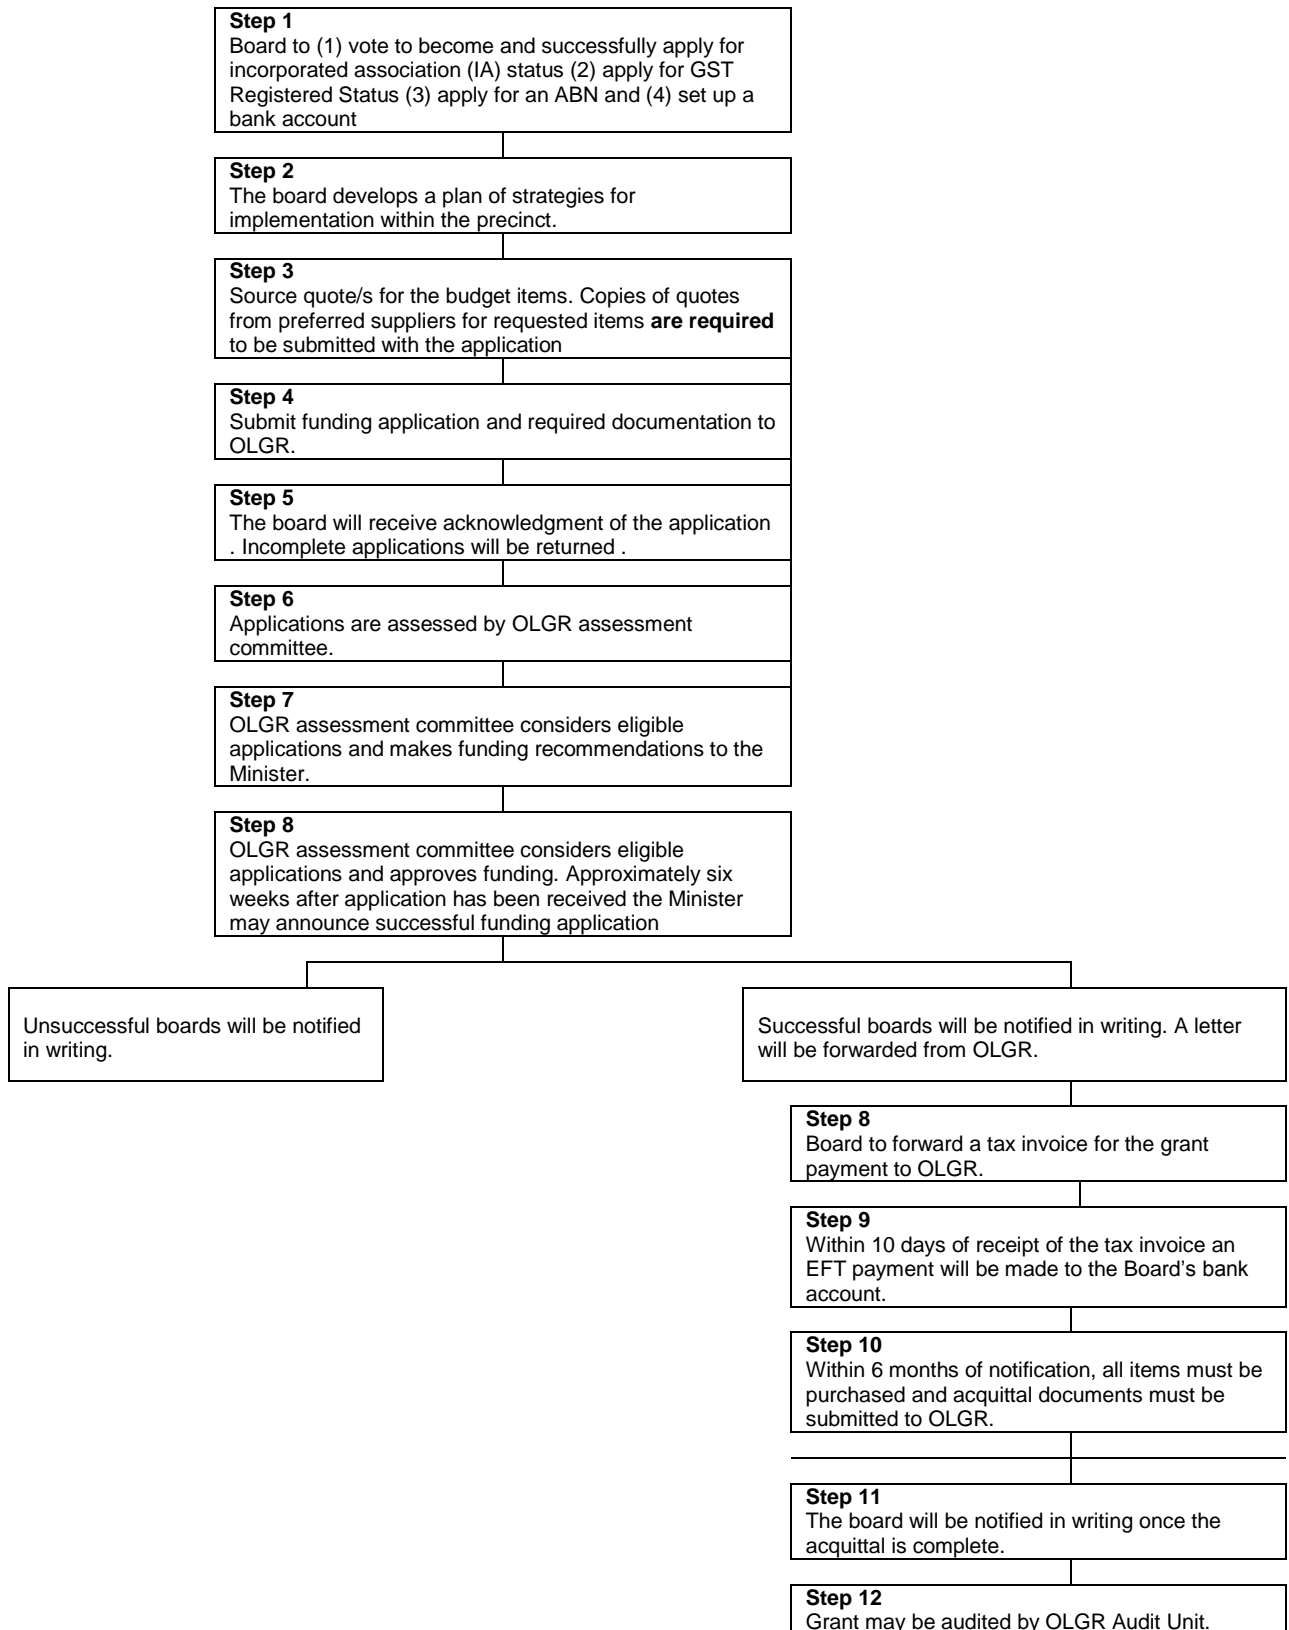

Seed funding (once off) – up to \$50,000 each precinct	Operational funding – up to \$250,000 each precinct annually - \$8 million pool
<p>To achieve the objectives of the strategy the Government has established the Seed Funding grant program. Funding of up to \$50,000 is available for each board. Applications can be made for:</p> <ul style="list-style-type: none"> • establishment costs of the association; and • governance training to assist with proper governance of the association. Grant funding can be for an individual precinct board or a shared funding application for representatives of multiple precinct boards. <p>While the Office of Liquor and Gaming Regulation (OLGR) understands members of a precinct board’s management committee have extensive skills, knowledge and experience in their particular area of expertise, it is important to ensure members have an understanding of governance models, frameworks and tools which allow them to pursue the objectives of the precinct board in an effective and accountable manner.</p>	<p>Operational funding of up to \$250,000 per precinct annually – and a pool of \$8 million has been allocated to assist ongoing precinct initiatives.</p> <p>Grant funding applications are expected to link to the plan developed by the precinct board and assist with the implementation of the strategy to restore responsible behaviour and respect and stamp out alcohol and drug-related violence. The plan must be submitted with the application form.</p> <p>The strategy objectives include the promotion of responsible service and consumption of alcohol and minimisation of the risk of alcohol and drug-related harm and associated violence in the precinct.</p> <p>The Government Statisticians Office will evaluate the effectiveness of the initiatives.</p>

If the cost of the initiative is more than the approved amount, it is the board’s responsibility to fund the difference.

Steps to apply for Seed Funding

Steps to apply for Operational Funding

How much funding can a board apply for?

Seed funding – up to \$50,000 for each precinct	Operational funding – up to \$250,000 each precinct annually - \$8 million pool
<p>Applications can be submitted for grant payments of up to \$10,000 (excl GST) - total funding is capped at \$50,000 (excl GST) for each Board over the life of the SNP program.</p> <p>Applications for more than \$10,000 (excl GST) may be considered where evidence is provided to support the claim.</p> <p>When the balance of grant funds reaches approximately \$2,000 the Board should contact the OLGR to arrange a new application form.</p> <p>Boards who do not utilise the full funding amount on set up costs may submit a request to have remaining funds allocated for other initiatives.</p>	<p>Boards can apply for a maximum of \$250,000 in any year (this amount does not include seed funding).</p> <p>Boards can apply for up to \$50,000 (excl GST) each funding round, there are four rounds each financial year.</p> <p>One application for up to \$100,000 (excl GST) may be considered annually for larger initiatives .</p> <p>SNP boards may submit a joint application where economies of scale can achieve a cost reduction or enhanced outcomes are expected to be achieved. In these instances the limit of the funding will be amalgamated.</p> <p>Where joint applications are made one board must take responsibility for accounting for the GST associated with the application as well as any legal responsibilities.</p>

Other funding opportunities

In addition to applying for grants from the strategy funding pools, a SNP Board is also eligible to apply for grant funding from the Gambling Community Benefit Fund administered by the OLGR. Further information on this funding program can be found at the website <http://www.business.qld.gov.au/industry/liquor-gaming>. It should be noted duplicate funding will not be permitted.

Should a board be approved funding for an initiative from the strategy funding pools, the Gambling Community Benefit Fund grant for the same initiative will be deemed ineligible. The board established for precincts may also be eligible to conduct fund raising activities under the *Charitable and Non Profit Gaming Act 1999* (C&NP). Guidelines for fund raising under the C&NP are available from the OLGR website at <http://www.business.qld.gov.au/industry/liquor-gaming>.

Other avenues for boards to raise revenue can be by applying membership fees and/or joining fees to members of the incorporated association and seeking sponsorship from corporate partners. Once the association is incorporated, there may be opportunities to apply for local government, state and federal government grants. Philanthropic funding applications can also be made to corporate agencies.

How often can a board apply?

Seed funding – up to \$50,000 for each precinct	Operational funding – \$8 million pool Up to \$250,000 for each precinct
<p>The initial application can be submitted immediately once the board has been incorporated and prescribed.</p> <p>Once the balance of the seed funding is reduced to \$2,000 the board can make a new application. The new application can be submitted at anytime.</p>	<p>There are four rounds each year and an application can be submitted each round.</p> <p>The opening and closing dates are:</p> <ul style="list-style-type: none">• Opening 6 May and closing 9 June• Mid June and closing 31 August• Mid September and closing 30 November• Mid December and closing 28 February <p>Operational funding applications are considered separate to the application for seed funding.</p> <p>Operational funding applications are assessed by OLGR as they are received. Assessment will occur on receipt of grant applications will not be delayed until the end of the closing round.</p>

Who is eligible?

Incorporated associations established as precinct boards for precincts prescribed in the Liquor Regulation 2002.

The board must have an ABN; be registered for GST and hold a bank account in the name of the incorporated association.

Submissions will be considered only after confirmation that obligations relating to acquittal of any previous grants, completion of quarterly reports and the preparation of a management plan for the local board, have been met.

Should SNP boards have questions relating to any of these eligibility conditions, please contact the SNP team on 07 3033 0007 or email snp@justice.qld.gov.au

Are you applying for facility improvements?

Facility improvements are defined as:

- upgrades or refurbishments to existing facilities;
- fit-out costs required for occupation and use;
- constructions or permanent fixtures including:
 - air conditioners;
 - demountable buildings or amenities buildings;
 - extensions, patios or decking;
 - fencing and landscape works;
 - fit-out of premises
 - lighting;
 - multi-use sheds and storage facilities;
 - shade structures or awnings.

Before requesting funding for facility improvements, boards must either:

- own the building and/or land

OR

- have an instrument of tenure, demonstrated custom and practice, or combination of both for the building and/or land and have the written approval of the lessor to undertake any facility improvements

OR

- Authority of the relevant government agency

OR

- Authority of the landholder, if land privately owned.

If the application does not involve a building, then these requirements apply to the land only. Acceptable instruments of tenure include, but are not restricted to: leases, sub-leases, management rights, occupancy agreements and licences.

For boards applying to upgrade facilities on privately owned land or buildings the board must have evidence of tenure. If you cannot provide formalised tenure, then custom and practice will be allowed where the relationship is to commence and/or continue for at least the period for which the grant funding is sought. Boards can have a combination of formalised tenure and custom and practice to meet this requirement. Written proof of custom and practice can be either an email or letter from the appropriate lessor/owner. Approval from the owner of the property (land and/or building) is required in all cases.

The board is responsible for identifying, obtaining and retaining all relevant building approvals.

Assessment of grant applications and decision

Applications will be processed and assessed by a panel of senior officers from OLGR familiar with the objectives of the strategy. Each application will be checked against funding guidelines to ensure it meets strategy objectives.

When assessing an application, OLGR will consider and take into account a range of matters including:-

- the initiative having proven success in reducing alcohol and drug related violence;
- the size of the precinct in both the numbers of premises, physical area and hours of trade;
- some initiatives may have fixed costs where others are proportional to the size or location of the precinct;
- the priorities of the initiatives as advised by the board;

- effectiveness of initiatives previously implemented where an application is made for continuance of the initiative;
- the initiative being consistent with Government priorities; and
- has the Public Safety Consultative Committee been consulted in relation to the activities the board is seeking funding.

OLGR may request substantiation of any information provided on the form and may contact any parties listed. Any additional Information requested by OLGR should be returned by the requested date to ensure that a decision on the application is made in a timely manner. Failure to supply any requested information may delay a decision being made on the application.

Seed funding – up to \$50,000 for each precinct	Operational funding - \$8 million pool Up to 250,000 for each precinct
<p>Once the assessment has been completed, OLGR will submit the application to the assessment committee. The assessment committee will review the application and determine whether funding will be allocated.</p> <p>The funding approval may be for all of the requested items or part payment contribution for requested items.</p>	<p>Once an initial assessment has been completed the application will be forwarded to the assessment committee. The assessment committee will review the application and make a recommendation to the Minister.</p> <p>The funding approval may be for all of the requested items, part payment contribution for requested items.</p>

The board will be notified in writing of an outcome (whether successful, unsuccessful or ineligible).

Grant terms and conditions

If an application is approved for funding, the grant is subject to the terms and conditions that form part of the *Safe Night Precinct Funding Guidelines*.

A non-negotiable component of all grant allocations is the requirement that SNP management committees include an evaluation of the initiative as part of its acquittal process. Due to the specialised and diverse nature of grants approved, it is impossible to provide a 'template' for evaluations. At a minimum the evaluation must be structured to confirm that the initiative has been completed in line with the description provided in section 4 of the 'Application for Safe Night Precinct board grant funding' and assess the extent to which it resulted in the benefits outlined in section 5 of the application. As a specific condition of a grant, it may be required that the evaluation include assessments not initially identified by the local board (in section 5 of the application) as being part of the proposed evaluation.

The grant approval letter outlines the requested items and approved amounts per item. Any special conditions will also be outlined in the grant letter of approval. By accepting the grant, the board agrees to abide by the grant terms and conditions that form part of the *Safe Night Precinct Funding Guidelines*.

If an application is successful, the board will receive advice notifying the outcome of the application. The advice will be accompanied by an acquittal form from OLGR which specifies the approved requested items and grant amount for each item. For any changes to the grant details including amounts of items funded please see 'Requests to change grant details/board details' section.

The board must keep original documents for at least seven years after the grant is acquitted. OLGR conducts regular audits and may request further information to validate information previously provided to OLGR. This requirement mirrors the Queensland Government's General Retention and Disposal Schedule for Administrative Documents QDAN 249 v7 (S4.1.2)

Grant payment

Payments for the grant will be made to the board's bank account approximately 10 working days from receipt of a tax invoice from the precinct board.

Seed funding – up to \$50,000 for each precinct	Operational funding - \$8 million pool Up to 250,000 for each precinct
<p>The seed funding grant will be credited to the board's bank account.</p> <p>It is expected the initial payment will be limited to a maximum of \$10,000. A board can request additional funds where evidence is substantiated.</p> <p>Correspondence will be sent to the board confirming that the payment has been approved.</p>	<p>Operational funding grants will be credited to the board's bank account for the full amount of the funding approved once the board has submitted a tax invoice to OLGR.</p> <p>Advice will be forwarded to the board confirming the payment.</p>

Value for money and ethical decision making

Applications for SNP grant funding must ensure that the intended purchase of goods and services for the proposed initiatives achieves value for money and that an ethical decision making process is central to the funding decision and procurement processes. These principles are particularly important when spending money obtained from the public purse.

Value for money is about thinking about more than just the price alone as the sole indicator of the value of goods and services. Consideration should be given to both cost-related factors (up-front price – can the same goods or services be supplied at a cheaper price by another supplier, whole-of-life costs and transaction costs) and non-cost factors (fitness for purpose, quality, risk exposures, service, support and sustainability). Any purchasing decision should be based on sound logic, research and planning, be well documented and easily comprehensible and comparable to others.

Ethical decision making must be used when making any purchasing decision. As grant funding is publicly funded, any person or association in receipt of public money has the responsibility to show the public, and other stakeholders, purchasing decisions have been made ethically.

Conflict of Interest (COI)

A COI is where a management committee member may derive (or be perceived to derive) a personal gain through their position on the management committee through a decision made to purchase goods or services from a specific supplier.

A typical example is deciding what company to use to provide printing services for a SNP poster. A member of the management committee may be associated with a local printing company (ownership, partner or family member working there). If such an association occurs, the SNP management committee must seek a number of quotes from suppliers, in addition to the supplier that the management committee member is associated with.

To reduce the likelihood of any COI or perceived COI, the management committee member should not take part in considering or approving contracts for the provision of goods or services if there is any association with the supplier.

It is appropriate for either the management committee (or the committee member) to consider excusing a committee member from any discussions associated with making a decision about a transaction where a real or perceived COI may exist.

Grant acquittal

All grants provided must be acquitted. Acquittal of grants must be achieved by lodging with OLGR evidence that the grant funds provided were expended for the purpose they were provided.

Seed funding – up to \$50,000 for each precinct	Operational funding - \$8 million pool Up to \$250,000 for each precinct
The board must lodge financial statements in compliance with the requirements of the Associations Incorporation Act.	The board must acquit operational funding grants 6 months after the grant is approved, unless otherwise stated. Acquittal is to be achieved through the lodgement of a completed acquittal form with OLGR. That acquittal must be accompanied

	<p>by proof of grant expenditure via attached copies of valid tax invoices or receipts. It may also be accompanied by a signed statement of receipts and payments covering the period of expenditure.</p> <p>Exceptions to this requirement will apply where funding is provided in a grant where it is anticipated that expenditure will occur over a longer period. i.e. a program that runs over 12 months.</p> <p>The expected acquittal date will be advised in the acquittal form accompanying the approval letter or approved variation letter.</p>
--	--

Checks are undertaken to ensure that all information provided in the acquittal can be substantiated and that the grant was spent only on approved items and within the specified timeframe. Failure to comply with the provisions of the Associations *Incorporation Act 1981* may result in future applications being deemed ineligible and/or the funding agreement being cancelled and the return of any monies paid.

All tax invoices/receipts submitted must contain the business name, date of transaction, contact details of the supplier and have the ABN listed (where applicable). All items must be clearly identifiable and where more than one product or service is included these must be listed separately. GST must be listed as a separate component (where applicable). All documents supporting payments must be on commercial terms. Any contract entered into with a supplier/contractor will be on commercial terms to ensure no conflict of interest issues arise between the board, its members and suppliers.

If there is unspent funds of more than \$300 (including GST) between the total amount paid and the total spent on approved items, the Board will be required to pay back the full amount unspent (inclusive of the \$300).

Goods and services tax (GST)

GST can affect a Board's grant in two ways:

- on the total grant amount ; and
- on the GST paid on goods or services purchased with the grant.

GST considerations are based on the GST registration status of the local board For advice about GST please visit the ATO website at www.ato.gov.au.
