Notification of the release of a Regulatory Impact Statement

Security Providers Regulation 2008
Security Providers (Crowd Controller Code of Practice) 2008
Security Providers (Security Officer-Licensed Premises Code of Practice) 2008
Security Providers (Security Firm Code of Practice) 2008

The *Security Providers Regulation 2008* and Codes of Practice for crowd controllers, security officers operating in licensed premises and security firms are being developed as subordinate legislation under the *Security Providers Act 1993*.

As the proposals are likely to impose appreciable costs on part of the community, a Regulatory Impact Statement has been prepared in accordance with the *Statutory Instruments Act 1992*.

The proposed *Security Providers Regulation 2008* rationalises the new licensing structure introduced by the *Security Providers Amendment Act 2007* and modifies the fees to allow for adequate enforcement and monitoring of the legislation.

The proposed Codes of Practice are aimed at promoting the objectives of the *Security Providers Act 1993* by setting up behavioural benchmarks, creating standards for crowd controllers and security officers in licensed premises and ensuring security firms are accountable and only employ licensed security providers.

The Regulatory Impact Statement contains copies of the *Security Providers Regulation 2008* and Codes of Practice and can be downloaded from www.fairtrading.qld.gov.au.

The Department of Justice and Attorney-General is seeking comment from anyone who has an interest in the proposed legislation. Written submissions should be sent to:

QUEENSLAND GOVERNMENT VACANCIES GAZETTE

The Queensland Public Service is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants. The Queensland State Government's policy is to seek to retain skilled staff. Registered deployees who apply for an advertised job will be considered before other applicants. The symbol (h) appears next to vacancies where an exemption from this requirement applies. Deployees are to indicate in their application for the advertised job that they are registered with the Office of the Public Service Commissioner. The Queensland Public Service Commissioner is committed to equal opportunity in employment. Selection will be given on the basis of merit only and fair consideration will be given to all applicants.

CONTINUOUS APPLICANT POOLS

A continuous applicant pool allows you to apply for jobs within an occupation where vacancies are regularly available. This means that agencies can 'dip' into the pool for suitable applicants as soon as they have a vacancy. You can submit or refresh your application at any time. If you are refreshing your application, make sure that you indicate this either on your email or, if sending by post, in a covering letter. In search results, continuous applicant pools can be identified by 'Ongoing' in the 'Closes' column of a search result.

Note: If a continuous applicant pool is closing, applicants will be notified two weeks prior to this date. Applications may be used for up to six months after the pool closes.

MULTI-AGENCY POOLS

Some Queensland Government agencies are on the lookout for people to fill similar jobs or occupations at the same time. Some of these jobs have a fixed closing date and others are ongoing (continuous applicant pools). With multi-agency pools, you only have to apply once to access job opportunities across participating agencies. Your application will then be able to be viewed and assessed by all the agencies in that pool - or, if you prefer, you can specify that you want to be considered only for particular agencies. Make sure you check the specific vacancy to find out how each pool works.

HOW TO APPLY

When you have found the job you would like to apply for.

1. You can phone for a copy of the information kit or you can download the documents from the Smart Jobs and Careers website at www.jobs.qld.gov.au. The information kit will include:
 - the position or job description detailing: background of the department or work area; roles and responsibilities, and selection criteria
 - a job information package, outlining the procedure for preparing and sending in your application, and
 - an application cover sheet.
2. Do your homework - research the agency to understand the background to the job.
3. Prepare your application. This should include your:
 - completed cover sheet (available on jobs online or in the kit mailed to you)
 - covering letter
 - resumé / curriculum vitae
 - names and contact details of (2) referees, and
 - responses to the selection criteria if required.
4. Mail or email your application (Details of where and how are available in either the job description or the job information package).

Check with the job vacancy contact person if you are unsure about how or where to submit your application or how many copies to send. Make sure you send your application by the closing date. If you don't, it may not be accepted. Once your application is received, you will usually be sent a written acknowledgement.

When applying for Continuous Applicant Pools, please check each vacancy for application instructions.
